Eso blood and sacred words

Wondering north of Rossgar, I came across a rather unhappy companion at the gates of The Fharun Keep in need of some assistance. Listen, start! listen, be faithful! the path you have to walk is never easy, but if you cross in a correct and pious way, it will lead to the author of the embrace of the code - the faithful path to unlock the shrine of Maracas needed the next step to collect the blood of the archivist and place the blood offering in the main keep brege. Navigate the prayer room, observing the door with a lit candle on the left side of the door. There are 4 rooms. At the Hall of Faith, climb a well and the trust that maracas will catch you. Get words at the altar of Maracas at the expense of the Guardian. To complete the quest, return to the residential area east of Orsinium. Edit Share.Do you really want to help find the sacred words of Maracas? - So let us talk because you can't find a way on your own. - Azraat [src] Azraat is an Orsimaa member of Agra Krung. He has been found in his base in Farung. Interaction [Edit | Edit Source] Blood and Sacred Words [Edit | Edit Source] [?] Dialog [Edit | Edit Source] Blood and Sacred Words Outsider, you honor Maracas with your actions. I, too, serve the furious, and as an instrument of his vengeance, I swear that the death of the archabist will not be answered. But I think you have a different purpose in all of this. And who exactly are you? The Maracas faithful need guardians, especially in difficult and violent times. I am one of the dead agents of maracas and one of Agra Crumb. You will say blood shield with a common tongue. Do you have the blood of an archivist? I had very little time to prepare and now I still don't have much time. You can't delay the revenge of Maracas. But I can give you this book. It describes the path you have to walk. We did not intend this path, but we must walk in the same way. Where do you start? The base defends. The shrine to Maracas is hidden in the place of true power of our prince, but waiting inside. Your will and faith must reveal the way, but blood holds the key. And will this book help me? As well as those who sought refuge in the Hall of the True Servants of Maracas, began using it to gain entry to the old order. It will guide you, but like a furious person, it will not lead you by hand. It must work to succeed. Come on, go. Tell us more about Agra Krung. Blood shields? Most of the time, we are shadows. But for a precious few, we are beacons of light. As the furious charged you, take back the sacred words before Vosz Lark destroys them. I have my own job. Later, if you like, we can talk more. Go. The shrine is waiting for you in the base keep. At the shrine ofYou've done well, outsider. Not only was we able to find this sanctuary, but it proved worthy of taking up sacred words. Maracas is very much favored. Why doesn't the keeper die? Maracas always demands a display of sacrifice, loyalty and commitment, but the choice was yours. But rest assured. The keeper knew his role and believed in its taste. And what about your work? The archabist was avenge, and maracas's wrath sat down. For the moment. The rest of Vosh Rakh immediately notices their shrinking number and departs Farung. Until then, I will remain to defend the sanctuary while you safely get the sacred word. Where should I take the scroll? The Agra Clan is all around, hiding in plain sight. At Orsinium, for example, we wait for one of the most powerful in our order. Take a scroll to Kroma but protect it until you reach her. The trinimac cult hopes to destroy the truth at all costs. Orsinium is a big place. Where can I find chroma? Go to a residential area and find a house where the maracas light shines. Follow the light. It will lead you to chroma. Give her a scroll containing sacred words, and only to her. Now Maracas will protect you. If you let her speak again, he said, When I see her, I'll recognize Chroma. She's really loved by maracas and hard to miss. You can see that the scroll is safely hidden in a new location. The sooner you deliver the scrolls, the sooner the danger will pass. Shouldn't you take the word? Impossible. Like I said before, I'm an Agra Krung person. Blood shields serve maracas in our own way, but our hands should never touch sacred words. This is why you were needed. This is why I had to pass the test. How do you become Agra Krung? People don't become Agra Krung. One is, or not. I was raised by faith and trained since I was born to complete the work maracas wanted me to do. It's not the way you've ever walked, but today you're putting yourself on the path of equal glory. What does Maracas want from me? It's not a place to know. Furious One often chooses a champion of considerable gifts and determination to function as his avenger. He noticed you. Perhaps you won't really know until you find yourself at his feet in the ashpit. Azrad, what are you doing now? The sacred word must be moved as often as before, but this shrine is still ancient and sacred. It must be purified and protected. A new keeper must be appointed. I'll see it. Your job is on the road to orsinium.
