Airsoft m97 trench gun
In 1897 the Trench Gun winchester model was a pump action shotgun with an external hammer and tube magazine manufactured by the Winchester Repeated Weapons Company, also known as the Model 97, M97, or simply the Trench Gun'. Model 1897 was designed by John Browning, From 1997 to 1957, more than one million of these shotguns were produced. The Model 1897 is available in numerous barrel lengths and grades, with chambers on 12 and 16 gauges and in a solid frame or takedown. The Winchester Model 1897 was designed by John Moses Browning, america's famous firearms inventor. Victiman History Real Steel Air Solf Tanaka is by far the only manufacturer that has ever made airsolf Mispar, Tanaka M1897. Charging gas directly to the shell, locking and loading pump action mechanism leels good and sounds good! Each shell is loaded into the following. It is a sway. Makes excellent relead sound! The most unique testure of this shot is that the gas is actually khanged to each individual shell for realism (the shell has a gas chamber inside each).
