General Sportcraft Company, better known as Sportcraft itself, has been a manufacturer of a range of gaming tables, including foosball, air hockey and outdoor games since 1926.Most Sportcraft air hockey tables have been designed to be enjoyed by both children and adults. An affordable, fun range of Sportcraft air hockey tables is worth considering if you're an air hockey fan on a budget. This site may include affiliate links for which we can make a small commission at no additional cost to you if you make a purchase. Read more here. Our Top PicksSportcraft 48 Air Hockey Table suitable for over-8s, the Sportcraft 48 Air Hockey Table is popular with both children and adults. It's one of Sportcraft's best-selling products, with ice hockey graphics, electronic traffic lights and 2 pushers and packs each. The table has many features to ensure smooth and convenient play, including built-in adjustable leg straighteners to facilitate balanced conditions. The table has a voltage of 110/120V and requires electricity to function. The table has an MDF construction and requires assembly for the first time before it can be used. This product has come across mixed reviews due to a sometimes problematic blower and sensitive electronic traffic light. Otherwise, the customers were satisfied with what they received. Pros: Moderate size - enough to enjoy air hockey without taking a lot of space LED levelers involved for Game Suitable for adults and children alike Cons: Weak blower Sensitive scoreboard Sportcraft 27 Tabletop Air Hockey Table If you are in the post office at the gaming table that you can carry anywhere, the Table Hockey Table Sportcraft 27 inches can be a good choice. With its compact design, the easy-to-store table can offer the occasional game of this classic sport without taking up much space. Included with the table are two pucks and 2 pushers to allow a couple of players to stay entertained. The manual scoring system is of a sliding variety, and the battery-powered ice rink is good enough for a portable air hockey table. Suitable for older than 5 years, This is another well-known sportcraftPros product: Portable and compact Suitable for children 5 years+, as well as adult Cons: May not offer ideal air hockey experience due to somewhat limited features and size Sportcraft 54 Excelerator Turbo Hockey TableAn air hockey table with twist, Excelerator Turbo Hockey Table by Sportcraft has double spinning puck accelerators to add more excitement to the classic arcade game intended to be one of the lower tables for kids, you can buy this one if you need your little ones to stay entertained on a budget. The table comes with two pushers and three pucks in the package. The above-ground LED scoring unit is also an attractive feature from mimicking professional air hockey tables. The relatively small weight of this table facilitates movement. With a wooden surface and a plastic frame, it can withstand the toy forces of children aged 5 and over. However, customers were confronted during assembly, Sportcraft does not appear to pay attention to the condition of parts of the product, and if the hardware is present in the assembly package. Pros: Easy to navigate due to the relatively lightweight double spinning puck accelerators Cons: Complaints about stuck pucks Mounting hardware may not be included in the package due to ignorance sportcraft slap shot 84 Air Hockey TableFrom the first look, you get the impression that the solid black Sportcraft Slap Shot Table means business. Its powerful 110V blower system is approved by UL, resulting in high output in relation to speed and performance. Set a timer, sound, or game mode over a simple electronic scoring unit. Ice shooters in the railways are flip-up varieties, adding to the impressiveness of the table. The adjustable, sturdy leg design helps Slap Shot withstand aggressive forces and ensures balanced play. Made of MDF material, the table seems to be of high quality with the promise of offering exciting air hockey matches within the budget. While not one of the best-selling air hockey tables, slap shot seems to have enough features to make its users happy. Pros: Large Home Gaming Table Flexible Installation Due to Leg Levelers Cons: Assembly More people Puck can get stuck under the rails sportcraft 7' Air hockey and table tennis combination gaming table If you are looking to make the most of the 7-foot space, you should consider getting a combination of gaming table. Sportcraft 7' Air Hockey and Ping Pong Table is one such product. The smooth side of air hockey has an electronic LED scoreboard to track the game. Table 2 in 1 comes with two pushers, two pucks, two paddles, two tennis balls and a net. The table, however, does not seem durable due to cheap parts. He has earned mixed reviews because while he can provide a good game, you can't expect him to stand the test of time. Customers also found it very difficult to assemble. Cons: Assembly can be hectic and need at least two professionals to handle the Subpar quality Sportcraft 72 Air Powered Hockey TableAnother budget-friendly option for you is sportcraft 72 Air Hockey Table. An interesting fact about this is that even some customers who are satisfied with the product do not expect to last long. Assembly can become tricky, but once you're done, you get a decent air hockey table on your hands, suitable for ages 8 and up. It comes with 2 pushers, 2 pucks, LED traffic lights, leg straighteners and a 110V blower. If you go only to a seasonal toy that lasts for a while, it can do so. However, if you are a guy who knows how much your money is worth, you should acknowledge the risk of buying this due to an expected breakdown in the near future. Pros: Attractive Design LED Electronic Traffic Light Contra: Perhaps Tricky to Assemble May Not Last Long Current State of Sportcraft/Is Sportcraft Still in Business? The company filed for liquidation in 2011. The shift to liquidation was due to a number of inconveniences – an increase in production costs, materials and overall production costs in China, and a drop in sales due to the emergence of casualties in the US. Many would not choose to splurge on gaming equipment in the middle of a situation. The company was taken over by a brand management organization known as ABG (Authentic Brands Group) in 2012, which aimed to develop and rebuild, increase creativity and devise innovative designs. The idea was to relaunch a company that had been a trusted name for fifty years. Sportcraft is currently a trademark of ABG-Sportcraft, owned and operated by ABG-Sportcraft. Sportcraft products can be found in department stores such as Sears and Kmart which were once known to be the largest retailers in the country. Both are still in business but not in the best condition, having closed a large number of stores in 2020. In fact, many of their stores are said to be in their 'last days'. Store locations in operation Sportcraft is a range of recreational products that you might even be able to grab at amazing discounts. This is due to their liquidation, which will reportedly continue until mid-February. Sportcraft items are also available online on the websites of these retailers and can be easily purchased from them. Amazon has many sellers who offer different brand products as well. Reviews from legit customers and full specifications are mentioned online to help you find the most suitable option. ConclusionSportcraft air hockey tables, with their mixed reviews, are best purchased when under the discount offer provide good value for money. Although relatively budget-friendly even at its original price, you can't expect it to hold up as nicely as tournament air hockey tables do.
