User note: Updated information for some school quality profile reports is not available due to the closure of schools in March 2020 and the cancellation of state reviews. Student Achievement by Skill Level This graph shows the percentage of students passing the state's reading tests. Virginia students are judged annually in reading grades 3-8 and once in high school with an end-of-course (EOC) reading test. Use the drop-down menu above the chart to see results for a specific test. Use the menu below the chart to select results for a specific group of students. Practice test items that are representative of the content and skills that are included in current standards of learning assessments are available on the Virginia Department of Education website to help understand the format of the tests and questions.
