Join the combat arena and fight against the Naruto or Bleach team in Team Game or Single Player Arcade modes, etc. People or etc. Good luck! Game Controls:Player 1: A/D – Move. S – Defence. J – Select the Attack /Play option. K – Jump. L – Speed. U – Ranged Attack, I – Hunting. OR – Call Assistance.Player 2 (numbers on numeric keypad!): Arrow keys – Move. Select Down – Defense, 1 – Game. 2 – Jump. 3 – Sprint. 4 – Far attack. 5 – Kill. 6 – Call assistance. Bleach vs Naruto is a combat game. This game is based on a battle between Shinigami and Shinobi. In this battle, you need to choose your part first. After choosing a fighter, you will choose an assistant. If you complete with choosing a fighter and an assistant, you will be ready to fight against other fighters. How to play Bleach vs Naruto Unblocked Games 66In Bleach vs Naruto, the first player for gameplay should use the O, W, I, D, U, S, L, A, K and J keys as the second player for gameplay should use the 1 to 6 keys and arrow keys. First of all, players should use the arrow keys and the S, A, W, D keys as navigation keys. To summon their assistants, players must press keys 6 and O. In addition to this, they should press keys 5 and I to perform special attacks. If they want to perform distant attacks, they should use keys 4 and U. They can shoot using keys 3 and L, while they can jump using keys 2 and K. Finally, the player should use keys 1 and J to perform regular attacks, and should use the Down Arrow and S keys to defend themselves. 4.33.369 votesFathe new anime opponents in Bleach vs Naruto 2.1! This crossover combat sequel features several new heroes and villains. You can start training to train before the tournament. Challenge a friend on the same computer, or go head-to-head against virtual opponents! Bleach vs Naruto 3.2 which can also be played in unlocked games 66 is an unlocked combat game. There is a general view of the game. It's that the game is very similar with Street Fighter. However, bleach vs Naruto 3.2's gaming platform is flash. This game, one of the unlocked games has pixel graphics, but believe it doesn't feel like this is a real problem because its flow is quite wonderful. In version 3.2 of the series, you have multiple characters who have unique abilities and combos to choose and control. How to play Bleach vs Naruto 3.2 Unlocked The game controls for the first player are the A, D, W, S, K, U, O, I and J keys. Therefore, the first should use these keys to control his fighter in this unlocked game. To move his character, the first player must use the A, D, W and S S If the first player wants to perform a regular attack, they must press the J key. In addition to this, the first player should press the O button for a special attack. To blow up the fighter, the K button must be used while the L button must be pressed for hatching. In addition, the U key is for the ability, and the key I is for the SP ability. On the other hand, the game controls for the second player are the arrow keys, 1, 2, 3, 4, 5 and 6 keys. So, the second player should use these keys during the game. To move his fighter, the second player should use the arrow keys. When the second player wants to perform a special attack, he or she should press key 6. In addition, the second player can have the fighter perform a regular attack by pressing key 1, while he or she can make the fighter jump by pressing key 2. While, for the hyphen, key 3 must be used, for skill, the key 4 must be used. Finally, for sp ability, key 5 must be pressed. You may also like...
