Back in 1984, Japanese artist Akira Toriyama entered the world with a star-eyed dream! This simple dream was to make the best deformation manga after the classic Chinese novel A Journey to the West. Well, his idea went through many changes and ended much less on the basis of the novel he originally intended. But this is where the now legendary Dragon Ball Z Manga series began! Soon after, the series turned into the most popular anime series of all time. The story began with the humble adventure of Goku, the amazingly strong boy who lives in the wilderness. He works with Bulma to find the 7 Dragon Balls to request a wish of the great and powerful dragon Shenron. Bulma's burning wish back then? A perfect friend! Of course, she never has this desire to make, but she can become Goku lifelong friends as she recruits many new and crazy characters for her cause! The series eventually fought Goku and his friends against increasingly dangerous villains. We have to watch as the list of fighters grows over the years and the fights unfold, which is good news for the fans, because that means wearing many different costumes! We've put together some of the biggest Dragon Ball Z costume options in the world! We carry all the most popular characters from the series, such as the heroes Goku, Vegeta, Gohan, Trunks and Piccolo. We even have the worst villain of all, Frieza. You can even find Bulma costumes here, so you can support the team with a wealth of necessary gadgets! And don't worry, because we have sizes for men, women and children that make sure every Dragon Ball Z fan can dress up as their favorite character from the anime series. Of course, you might just need a few odds Ends to finish the cosplay outfit you've crafted. We have many DBZ-themed accessories to help you take on the role of your favorite character. Maybe you're trying to put together your own Zarbon costume? Well, we have Armor pieces that add the finishing touches to your outfit.
