C.O.W. 7:00-9:00 PMThe revised district calendar 2020-2021 is now available in English and Spanish. Click here if you'd like to see some How to videos to set up your child's Chromebook. Do you need any help? Call 211. 211 is an easy-to-remember, 24-hour, reference helpline designed to reduce time and frustration by acting as a central access to health and human services in Lake County. Click here for more information in English and Spanish. D118 Families -- Please use the following link to make a support request for PowerSchool issues, Chromebooks, and technology. Grab and Go Breakfast and Lunch Program Availability and ChangesComete from this Monday, August 24, 2020, any parent and their children who qualify for the program will be able to pick up their Grab and Go food items at any of the following locations between 9:00 a.m. and 1:00 p.m.: Wauconda High School, Wauconda Grade School, Robert Crown School or Cotton Creek School. Additional information will be shared directly with families who qualify for the free or reduced lunch program in the near future. Posted on October 2, 2020 Sent by a parent I couldn't be happier with our experience. My two kids had great teachers. They worked with my children to help them thrive. They were attentive and had great control of the classroom. I was very impressed! Your support team is also wonderful. Very involved and willing to work with children. Leadership is and welcoming. They interact very well with parents as well. Posted on May 23, 2019 Sent by a Parent So Far.... Terrible. Hoping this year was a chance. Posted on April 17, 2017 Sent by a Wonderful School parent and staff. We've been there for four years and we've had great teachers. All very experienced! The director is very accommodating and great to work with as well. Posted on December 10, 2015 Presented by another moved from a large school district (54) and was concerned that this school would not be as good as the previous one, but happy to see my son doing well. Posted on November 5, 2015 Presented by others I have three children currently attending and they are all very different in terms of their needs. I am very happy with the loving and capable staff. Posted on April 22, 2015 Sent by a parent My children have been on all spectrums of the learning curve. At Robert Crown, they work to make sure each student does it, no matter what level he learns. My son had an IEP. He received special services under the program and the team ensures that children are not treated differently by leaving the classroom for these services. My daughter's in advanced math class. Spelling, reading and mathematics are broken by skills from the 1st grade. All teachers, therapists, principals and assistant directors have answered all my questions and concerns. Although there are more than 900 children, the principal and assistant principal do everything to get to know them all. I saw the principals and assistants leading groups in the classrooms. If leading by example is what makes a school successful, of which we are so lucky to have Mrs. Diol and Ms. Mr. Picchetti. Most teachers get their parents. We still have holidays and we celebrate students' birthdays. Our INSS has numerous events throughout the year for the whole family and offers many volunteeropportunities without being aggressive. I can't say enough good things! Posted

on April 22, 2015 Posted by a Love Robert Crown father. Amazing teachers, staff. Before and after the school club it's great to be able to drop off and pick up at The Posted School 03, 2014 Presented by a father Robert Crown Elementary in Wauconda, IL provides a great environment for my kids to learn and grow up. They are excited to go to school every morning, they love their teachers every year, they love the friends they make there and I love the values they teach beyond the curriculum in the classroom. Robert Crown teaches children to be their own person and respect those around them. I have seen a great growth in the way our girls develop as students and people because of Robert Crown. The school literally improves with each and the city continues to grow. I'll be sad when our girls move from Robert Crown to high school, but I know they'll be prepared for success based on their time. Them. Robert Crown School. Posted on September 29, 2014 Presented by a parent I feel especially able to give Robert Crown high marks for teacher quality, head leadership and parental involvement. After a disappointing few years at a local private school where educators focused on what their son wasn't doing, Robert Crown focuses on what they can do! They see the potential for success in each child and create a plan to support them academically, socially and emotionally. The leaders of this school, Carrie Diol and Angela Pichetti, and the teachers are very accessible for communication and seem to know all the children by name! The teachers we have experienced so far are very experienced. Whether they are looking for unique ways to motivate and keep their child focused, or respond to parent communication, it is clear that they are committed to the children. Parental involvement through INSS-sponsored activities is very high and they are always welcoming to new members. We are so happy to be at Robert Crown School! Posted on September 29, 2014 Sent by a Father Robert Crown is a wonderful place for you kids to grow up. Robert Crown employees are caring and compassionate. They really want students to do their best. Staff are so welcoming to volunteer parents and promote a team-based approach to learning. The school has so many experts to help children when extra support is needed. I feel so fortunate that my children attend such a wonderful place to learn and grow. Grow.
