Should native be capitalized

No need for Native American, why not Indians? One thing she doesn't have is Indian. Although the U.S. Department of Interior still calls the department that Native Americans deal with the Indian Affairs Bureau, the term is mostly used for the people of the Republic of India today. Most Native Americans prefer native American self-explanatory recently adopted Native To Alaska the native American term is sometimes used to include some Eskimo and Aleut people, especially those with Native families in an area now known as Alaska. The Eskimo is still used as a self-determination by some, while others think it is derogatory. It is best to let the people in question share their preferred vocabulary. Vocabulary
