Bdo imperial trading 2019

Black Desert Online guide to the various aspects of Imperial Trading added with Aug 10 patch. Calpheon / Mediah Trade All trading guests of trading managers in pre-Mediah and Mediah areas now reward Calpheon or Mediah Trade seal when you complete it. This is just an added bonus to regular trading, since you can now use this Shiny Gold Seal from either Calpheon or Mediah Trade to buy items. Trading guests in Serendia, Balenos, and Calpheon reward Calpheon Trade seal while Trading Guests in Mediah rewarded Mediah seal. Shiny Golden Seal - [Calpheon Trade] Swap them at Harden the trade manager in the northern gate of Calpheon 100ea: Magic Hoe 220ea: Fishing Boat Cargo Holder of Abundance 230ea: Fighting Spirit Hide Saddle Shiny Golden Seal – [Mediah Trade] Swap them at Quinoa the trade manager in the western gate of Altinova 230 ea: High-quality noble wagon Cover 240 ea: Fighting Spirit Hide Stirring 450 ea: Ancient Artifact China Work Supervisor Workers now randomly give Shiny Gold Seal of Worker Supervisor when they're done with a round job. This seal is deposited in the storage of the city they call home. Higher level workers (i.e. Artisans) seem to give more and goblins may be the best choice to mass produce this seal because of their fast speeds. Shiny Gold Seal - [Working Supervisor] You can exchange this seal at Santo Manzi in Vella for items. 500 ea: Abundant Fishing Boat Decoration 600 ea: Steel champagne of fighting spirit 600 ea: Steel barding of Fighting Spirit Imperial Conquest Imperial Conquest are stamps you can obtain by killing the quake that's sprawled and attacking you when you have a trade package for you. All you need to do is grab a merchant package from any merchant manager and go to the patches marked with the bandit icon. These quakes are about level 50 and come in packs of 3 or more. On average, you get one seal per pack so it can take a while to fill up enough stamps to trade in for items. Shiny Gold Seal - Imperial Conquest You Can Trade Imperial Conquest Stamps with Falcons in Calpheon 35 ea: Magic Butcher Knife 35 ea: Magic Pickaxe 15 ea: Light Storm Hide Stirrups 200 ea: High-Quality Noble Wagon Wheel 200 ea: Black Essence: Harsha (Helmet Magic Max HP+50, HP Recovery+5, and Evasion +2) 400 ea: Black Essence - Black Spirit's Crystal (Secondary Weapon Crystal, Max HP +150, AP +5) Imperial Fishing & Training You can now trade blue and higher quality fish to an Imperial seller in Vella and Level 15+ horses from any shallow Imperial Fishing Delivery NPCs can be found in Vella, Glissh, Epheria Port, Splash point and Valencia City. They'll take the most blue/yellow fish you have at 250% trade bonus and sometimes give you Shiny Gold Seal - [Imperial Fishing] as well. There is no remote bonus. The trading window may be a higher since it factors in the distance bonus, but you will only be paid the 250% trade value with no distance bonus. You can't negotiate with the merchant. There is no remote bonus, but you still need to have nodes connected or you will only get 30%. The freshness of the fish will not matter to the silver value, as long as the fish have not expired. Each trade also has a limit on how many of each fish (usually 30-40) they will take and this limit recovers every few hours (assumption is random every 3-4 hours). This limit is shared with other players so you swap channel or NPC if you encounter an NPC that no longer takes your fish. The Imperial Fishing Delivery NPCs are located in the following locations: Karon in Vella next to dock driver Rai in Glissh next to the trading manager. Dius in Port Epheria next to the dock manager. Hirio in Splashing Point in Mediah next to trade manager Balleo in Valencia City along the Imperial Craft Delivery NPC dd Shiny Golden Seal - [Imperial Fishing] can be traded with Abelin in Vella docks for items. 10 ea: Magic Fluid Collector 200 ea: Antique Slate Ornament 250 ea: Light Leather Storm Saddle 250 ea: Black Essence: Carmae (Weapon Magic Crystal That Gives Crit Hit/Attack Speed +1 and AP+2)250 ea: Black Essence - Addis (Weapon Magic Crystal that gives Crit Hit/Casting Speed +1 and AP+2) Imperial Training Level 15+ horses of any level can be traded for Shiny Gold Seal of Imperial Training at stables in major cities. Once you have the Level 15 or above horse in a stable in one of the major cities, you get the option for Imperial Horse delivery when you click on them. This will give you a number of Shiny Gold Seal of Imperial Training depending on the level of the horse and a large amount of silver, depending on the number of skills the horse has earned. Level 1 horses get 1 seal, level 2 gets 2 seal, and so on with Tier 7 horses earning 7 seal on trade. With the Shiny Golden Seal - [Imperial Training], you can trade them with the stable NPC Breesman in Calpheon north gate. 2 ea: Magic Lumbering Axe 2 ea: Magic Tanning Knife 6 ea: High-Quality Dealer Cart Wheel 6 ea: Fishing Boat Prow of Bounty 12 ea: Black Essence: Viper (Glove Magic Crystal, Attacking Speed/Casting +1, Accuracy +2) You can also swap these stamps for Camels at the stable seller in Sand Grain Bazaar or Shakatu from Valencia 5 stamps giving you the regular camel you get from quest when you reach 55+15 stamps giving you a Dark Brown Camel that has the same stats/skills as the regular camel only with Imperial delivery This feature is currently a little error with the Imperial Delivery NPC appearing only in select channels (Valencia 2 channels appear to have them at the time of writing). Don't use the Imperial Delivery NPC with the Imperial NPC does not confuse, these are two different NPCs. For Imperial Delivery Delivery need to press ESC to go to the main menu and then click the new Trading Information button. The best section shows you the merchant event in which merchants in some areas will take all goods at 200% value if you have nodes linked to them. It's not related to Imperial Delivery and is just normal trading, so I won't go into it here. Now the lower section marked Imperial Delivery is our focus. You'll see 5 NPCs, one in each region. They will take different goods that change every few hours from different locations. You have to hang over the goods to see where you can buy them. For example, the Mediah Imperial Territory Delivery NPC wants Love Potion No.6 that comes from the trading manager in Olvia. Another way to see items available for Imperial Delivery goes to the individual trading managers and sees the Imperial Delivery in progress notification about the items. You trade in the goods these Imperial Delivery PCs want and in return for these goods they will give you silver and variable amounts of Shiny Gold Seal - [Imperial Delivery] that you can swap for other items. For maximum silver profit, you need to connect the nodes just like regular trades. There is also a limit to how many of the items they will take, as shown by each item's trading interface. They will stop these items once that limit is reached. This reset every few hours, but you can also exchange channels. There is remote bonus and you can negotiate to get more than the listed price. Shiny Gold Seal - Imperial Delivery Trade these signs with Lamiro Ladans outside the northern gate of Calpheon 250 ea: Fine Dealer Coach Cover 250 ea: Antique Kamel Statue 300 ea: Feather Camper of Storm 300 ea: Black Ea Hysteria: Hysteria (Shoes Magic Crystal - Max weight +20 LT and Motion Speed +1 and Max Stamina +150) 320 ea: Steel horseshoe from Fight Spirit 400 ea: Clothing for a fine horse trainer Imperial Cooking & Alchemy Imperial Cooking and Alchemy basically feature identical so I grouped them together. In each of the major cities in each region is an Imperial Crafting Delivery NPC that will take certain packages you've made using cooking or alchemy. You must first use the parts of operation using normal alchemy/cooking tools in your residence and then use the processing window (L) and select either the Imperial Kitchen or the Imperial Alchemy packaging option to make the finished product that will be accepted by the delivery NPCs. It's possible to proc sometimes a double when doing the processing to make the trading packages. These trading packages will always sell at 250% and you don't have to connect nodes to the different cities to take advantage of that. However, there are some limitations to how and how much you can sell. You can only make via processing to your maximum alchemy/cooking level. So if you're a professional chef, you can only make professional boxes and below. You can't make the artisan or masters until you reach into cooking levels there. There is a daily limitation of how much you can sell, this is determined by your maximum contribution point (i.e. at 200 contribution point I can sell 67 items to these dealers) For each item, each NPC will only take 30+/-7 (i.e. maximum of 37 or a minimum of 23). This number is shared between players for that NPC on that channel, so if someone sells the same items before exhausting at that NPC and exhausting the quantities, you have to wait 3 hours for the NPC to restore that particular item's inventory or swap to another channel or go to another NPC in the same channel. There is no remote bonus. The trading window may include a higher price as it factors in the distance bonus, but you'll only be paid the 250% trade value without distance bonus. You can't negotiate with the merchant.
