Have you ever played a sim date rpg game? If you did, then you know how much you get addicted to the adventures of your little (or big) hero, in his quest to charm all the girls in virtual space. Pico Sim Date 2 is based on a simple story: The bad guy, named Cyclops, has kidnapped Nene, and he made the other 4 girls hate Pico (namely you). To find Cyclops and get Nene back, you need to let the 4 girls love you again. Pico starts the Sim Date 2 with a certain amount of charm, intelligence and strength, which can be enhanced during the game through appropriate training. It is up to you how you divide the points between the qualities, but keep in mind that intelligence and strength are nothing without charm (as in real life). Wearing clothes that a girl likes increases Pico's chances of being liked and dating that girl. Pico gets rewards for every smart action he chooses while playing Different types of attacks by interacting with different people. Then use these on your enemies. For the next month, I'm going to play the game and give you a list of cheats. It features the adventure of Pico as he tries to save the kidnapped Nene from Cyclops. Content [show] It starts after Pico Sim Date 1, where we stayed at the dance by showing Pico admiring Nene's beauty as she stares off into the starry sky. They talk to each other about how they met and how they love each other. Moosh (the creator of the game) then comes out and starts talking about how he should have drawn a special reward for ending the first game, but explains that he didn't do it because he couldn't really pull this out then. We then see an angry and frustrated Cyclops in a dark room, complaining about how Pico punched him in front of Nene. He then yells at himself about finding his razors and how to cut himself. A mysterious voice then calls out to Cyclops, but Cyclops thinks he's going crazy. Penis The voice then scolds him for letting Pico turn into an emo, and then tells him to calm down because he has an item to help him get his revenge. He gives Cyclops a charm and Cyclops questions about how to use it. The mysterious voice replies: lunno... I think the Manual is attached on the back, and Cyclops reads it. He then smiles maniacally and exclaims how to get revenge. Pico goes to pick up Nene the next day to find out that her house is being completely destroyed, as if someone was robbing her. He'll worry about her when he sees she's not there. Darnell appears and takes him to his headquarters, where Commander T. Fulp Pico informs that Cyclops has used a charm to make Nene and four other girls hate him. He tells him to befriend those girls for information to find Cyclops and Nene. The Girls:Edit Sabrina: Edit She's the weird girl that you can find in the dark corner. When giving her a flash, the emotion flashes work best. Mia:Edit She's the cool girl you find at the bar. Rare (Dark Corner) enemies - Weird attacks are super effective, while strong and smart attacks are moderately effective. The Ending:Edit After dating all the girls, click on the forest in the lower right corner. Click on the barn and go down the hallway. You'll find Cyclops and take on him. After you beat him, nothing happens. You see a screen that says, I didn't have time to finish. This has angered many fans, and many expect the creation of an end, but the rewards are given based on the difficulty that the game was played on. Also the Nene end is just one of many possible endings. You also click on the girl to marry you if you have at least 1,000 heart points, but you still have to fight the corresponding boss to get the rewards. Easy (150 Days) Sabrina - Track 4 Kate - Track 3 Erika - Track 2 Mia - Track 5 Nene - Track 6 Medium (100 Days) Sabrina - Kira Hairstyle Kate - Sora Hairstyle Erika - Naruto Hairstyle Mia - Renji hairstyle Nene - Cloud (FF7) hairstyle Hard (75 Days) Sabrina - Alien Hominid face Kate - Tankmen face Erika - Dad n' Me face Mia - Strawberry Clock face Nene - Secret special moves Tips :Edit Put all your skill points in your intelligence. The first time you work, you have to get a promotion. Keep working until you hit \$100, then go do the private tutoring at the school until all your money is exhausted. Then go to work to get money, and repeat. This should go for 25 days or until you get the highest promotion. If you do this, it will be easier to get money to buy the required flashes for dates and clothes for girls. Then go practice so that you become stronger to repel yourself from enemies. I didn't find that charm very important because the most expensive clothing is an automatic introduction and relationship boost. The chance time correct choices will increase charm and intelligence by 400+ points and strength by 200+ points and are as follows: Concierge - Borrow the money, hand out coffee randomly, tell the supervisor, it's a girl, talk him out, beat him. Groceries Boy - Don't care, leave it as it is, search the A-wing, mall parking lot, original bostom cream doughnuts. Supplies Manager - Deliver as ordered, accept the challenge, let Vinh cover you, tell you perfectly, let it slide. Cubicle Hand - Play it, tomorrow at lunch, take matters into your own hands, do it by hand, make the presentation meaningful. Management Assistant - Shout, album with zebras riding people, setup tournament, Dylan, second boat. Business Supervisor - Fastest way, old school, fire them, get prize money, no reason. Trophy Worker: Just explain, East Indian restaurant, 4th hole, ask her. Vice President - Come along, refuse to answer, sit tight, tell them off, bluffs. CEO - Dave Chan, nice negotiator. Big Boss Boss Cheryl, give him a chance. Cheryl's idea, special game offer, no. Save every time you do something important or when you wake up. It's a smart thing to do in case something bad happens or something great happens. Saving helps constantly because you have to make decisions as an employee that can damage or improve your skills and money. If you're in a hurry, buy the right flashes in advance before you meet the girl. That way, when you meet her and learn her name, you have something to give her to the relationship faster. Heal very often when fighting Cyclops. Many people are defeated by him because they forget to heal. Cure.
