The easiest way will be to play it easy. This will greatly facilitate, in particular, large battle sequences or fights with dragons. Comment: you can go to jail if you are caught committing a crime (theft, murder, etc.) and voluntarily subject to punishment after being detained by a guard. Escaping from prison, unfortunately, is not easy. The necessary actions are to open the lock on the cell door, find the chest with the confiscated items and add it to the inventory and get to one of the outputs (preferably by sneaking). Attention, the game does not allow you to escape from the prison in Markarth (mine). This achievement is best unlocked later in the game, that is, when you have sufficiently developed lockpicking and stealth skills. It'll make things easier for you. More information on how to go to jail can be found on the Commit Crimes page in the Tips section of our guide. Married Trophy type: Bronze How to unlock: Get married to someone. Comment: it's not a very difficult trophy, although marrying someone requires a lot of preparation:Visit the Mara Temple in Procjep and meet Maramal. If you can't find a priest in the temple, then take a walk through the city. Talk to Maramal about marriage. You have to get Mara's amajilia, you can buy it from Maramal or you can get it by joining the Search for the Book of Love side. Master Criminal Trophy type: Bronze How to Unlock: Have a prize of 1,000 gold on your head in all 9 Skyrim is holding it. Comment: holds from the description of the trophy

are:WhiterunThe PaleFalkreath HoldHaafingarHjaalmarchRiftThe ReachEastmarchWinterholdEver all the time when you commit a crime and notice yourself, the upper-left corner of the screen will see information about increasing the amount of premium on your character's head. The quickest way to do that is to kill a guard - one murder should suffice in this case. Once it reaches the required premium level, at least 1,000 gold, it moved to another of the nine regions to break the law there. Do this until you are wanted in all holds. Read more about the problems with the law on a separate chapter - Committing crimes. Golden Touch Trophy type: Silver How to unlock: Get 100,000 gold coins. Comment: unfortunately, this is one of the hardest achievements in the game. This is due to its duration because you have to have all 100,000 golds in your inventory to get the trophy. Skyrim does not give you much gold, and as a result, it is necessary to remember about the requirements of this trophy almost from the beginning of the adventure. Here are some additional tips:Try not to buy anything from traders or spend gold for any other purpose. If possible, rely on items found in the game world and obtained by completing tasks. Accept as many searches as possible. Many of them were awarded gold. Search all detected locations thoroughly and look for gold in containers and in a visible place. Take as much loot with you as you can to sell to the merchants. Develop lockpicking, stealth, and pickpocketing skills. This will allow you to rob the inhabitants of the area more efficiently. Many valuable items are found in places that the hero cannot legally plunder. Delver Trophy type: Silver How to unlock: Clear 50 dungeons. Comment: Dungeons are considered deleted after:Kill all enemies / monsters. Pick up all the loot. Unfortunately, the game does not tell you that you have collected 100% of the loot, so carefully search each place and look at all the interactive containers. Use our World Atlas to search for subsequent dungeons. Important information is that you should not look for extremely large dungeons. It can also be small locations with few opponents and one or more chests to plunder. Skill MasterTrophy Type: Silver How to Unlock: Train any skill to level 100. Comment: You should be able to unlock this trophy when trying to unlock platinum. If this did not happen, then after the end of the game you get interested in the skills closest to level 100. You can develop skills faster by repeating actions associated with it, such as casting subsequent spells (even if it is pointless). Skill books and skill trainers can also help you equal your skills by up to 100. We've discovered places where you should look for books and coaches in our World Atlas section of the Ads section. Explorer Trophy type: Silver How to unlock: Discover 100 locations. Comment: It may seem like finding a hundred locations is a big challenge, but it's actually not that hard to achieve. Traveling around A map of the world, you will find many new places. These are not only large towns and villages, but also small towns, such as ruins, stone circles, camps or dungeons. In our World Atlas, we show all possible places to discover. There are many more than 100.Reader Trophy types in the game: Bronze How to Unlock: Read 50 Skill Books. Comment: For this trophy you need to collect and read 50 unique books - you can only read each of them once and thus increase the associated skill. You can find a list of skill books in the Skill books chapter of our World Atlas. Visit the places indicated there and look for suitable books. Daedric Influence Trophy type: bronze How to unlock: get a Daedric artifact. Comment: Daedric artifacts can be obtained after completing Daedric tasks - a separate category of side quests. We have detailed all daedric missions in a separate chapter of our guide. For this trophy you can choose any daedric search. An important note many daedric quests can be completed in many ways, and some of the actions we can take deprive the hero of the opportunity to obtain artifacts - avoid them. We recommend that you create a manually saved game state at the beginning of each new daedric mission and carefully read the walkthrough in our guide. Our guide accurately describes each search - you will learn what options you have and what are their consequences. Oblivion WalkerTrophy type: Silver How to unlock: get 15 Daedric artifacts. Comment: This is a development of the achievement described above. You must complete all available Daedric tasks and obtain all Daedric artifacts. If you lost your artifact when the search ended, load the game and choose another way to complete the search. Dragon Soul Trophy type: bronze How to unlock: absorb Dragon Soul. Comment: To absorb the soul of the dragon, you just have to kill the dragon, and if you do not leave the area where it was defeated prematurely, it will be done automatically. This trophy should be obtained at the conclusion of the dragon rising main search, which requires you to shoot down the flying beast that almost attacked Whiterun. The full gait of the search can be found in our guide. Dragon Hunter Trophy type: bronze How to unlock: absorb 20 dragon souls. Comment: This is a development of the achievement described above. It is best to focus first on all the main and main side tasks in the game. In some searches, dragons appear that must/may be killed. The remaining number of dragons can be found, for example, during a free exploration of the world of the game. After finding the dragon, let him notice the hero and engage the beast. Power Trophy-type words: Bronze How to unlock: Learn all three words of any dragon to shout. Comment: Each new Dragon shout will be unlocked already studying the first Word of Power associated with it, but in order for the exclamation to be stronger we must unlock all three Words New words can be learned by finding large tablets (for example, in the photo above). We detailed the topic on the Dragon shouts page in the World Atlas Census chapter. To unlock the trophy, you just need to select any Dragon shout and unlock the three words of power associated with it. Thu'um MasterTrophy Type: Silver How to Unlock: Learn 20 Dragon Shouts. Comment: this is the development of the above trophy. In the dragon shouts chapter of our guide, we collected all available options and places to teach them. Important information, you just need to learn the dragon shouts. You don't have to learn all three words of power associated with them. ApprenticeTrophy Type: Bronze How to Unlock: Reach Level 5. Comment: Go to the description of the Master Trophy. AdeptTrophy Type: Bronze How to Unlock: Level 10 Reach. Comment: Go to the description of the Master Trophy. ExpertTrophy Type: Bronze How to Unlock: Level 25 Reach. Comment: Go to the description of the Master Trophy. MasterTrophy type: Silver How to unlock: Reach level 50. Comment: The main character can gain higher levels of experience by developing his skills. Reaching level 50 will unfortunately take a very long time, but there are several ways to make this process less burdensome:Don't focus on just a few favorite skills, try to develop them all. Developing skills at lower levels is faster than those at higher levels. As often as possible, repeat actions that develop skills, even if at this time it is not necessary. You can, for example, jump a lot, swing a lot with a sword or cast a lot of spells. Help yourself by discovering skill books as well as skill trainers to help you level them faster. More tips and information about the development of the main character can be found in the chapter on the character development of our guide.
