House Tears of Tess Review Tears of Tess by Pepper Winters (monsters in the Dark #1, +18) Title Data Sheet - Tears of TessAutor - Pepper WintersSerie - Monsters in the Dark #1Páginas - 376ISBN - 1492103748Publication - August 2013 Synopsis Life Wash Complete. He was lucky, he had everything neat and perfect. Then everything changes. I was sold. Tess Snow has everything she ever wanted: one more last semester to finish the race, a loving boyfriend, and a bright future full of possibilities. For its second anniversary, Brax surprised Tess with a romantic trip to Mexico. Sand beaches, delicious cocktails and fabulous sex create the ideal atmosphere for a wonderful holiday. With a full heart, and looking forward to that passion-filled week, Tess is on top of the world. But paradise shattered. Kidnapped. Drugged. Stolen. Tess is thrown into a world filled with darkness and terror. Captive and alone without savior, without lover, without destiny or future, Tess goes from being a terrified girl to a fierce fighter. But no matter her power because it can't save her from the horror of sale, can Brax find Tess before it breaks, or will Tess's new owner change her life forever? Personal Review Hello hello guys, how are you? Today, I bring you the review of Tears of Tess, a book that caused me many contradictions, a book I liked, but at the same time left much to be desired. Just go there. Review: History also introduces your synopsis on Tess, a girl with a life we could categorize well as soda, a blasphemous boyfriend, a bland house, a bland job (I think it's pretty clear that everything was sorry hehe) but despite this life for Tess was perfect, at least that's what she says, perhaps her inner fear was to admit that inside hiding a woman of strong emotions and not a simple mind. Ready to brighten up her relationship with her boyfriend Brax, they both travel to Mexico, there they begin a vacation that won't be conventional at all. Tess's life will be caught up in a cruel and dark world full of evil, illegality and dangers, which will cause Tess to fight for her life. Now she belongs to someone else, to someone who bought it, a master who will make her live the worst hell, or..... Best heaven, as long as she releases the ingenious woman who is hiding inside. Tears of tess are about a story full of tension, mild intrigue and hidden feeling that we often oppress for fear they will say to. Guys, this book like I said at first caused me some inconsistencies, which I don't know how to explain without the release of pampered hahaha, but I'll try. Let's say the beginning of the story is great, it gets hooked, the storytelling goes aft, even the middle part seemed, all my contradiction began at the moment that Tess was kidnapped, let's say that her emotions create conflict for me, there were times when I couldn't stand her, and not just her, but also the salty love, which had some slightly exaggerated performances at certain points. I don't know if I explain myself very well, I'm just saying that the way the love shower in the book emerges, that wasn't all I would have expected, there were also scenes that didn't have much interest to me. That said, the book I read one day, it's easy to read, and it becomes to entertain you. What if the story is good? from my reading point of view I think yes, I would have liked it to be taken advantage of differently, but I respect the creativity of every writer. Tears of tess are a book that's perhaps addicted to the way things come up, but it doesn't take away the negative points it has. If you're risky in reading I recommend you read this book, that even if it has some clichés and I found it almost similar to prisoner in the dark, it has its original point. I give him a You Might Also Like My life was complete. Luckily, fortunately, everything neat and perfect. Then everything changes. I was sold. Tess Snow has everything she ever wanted: one more last semester to complete a career in property development, a loving boyfriend and a bright future full of possibilities. For its second anniversary, Brax surprised Tess with a romantic trip to Mexico. Sandy beaches, delicious cocktails and sex to connect souls that create the ideal atmosphere for a wonderful holiday. With a full heart, and looking forward to that passion-filled week, Tess is on top of the world. But paradise shattered. Kidnapped. Drugged. Stolen. Tess is thrown into a world filled with darkness and terror. Captive and alone without savior, without lover, without destiny or future, Tess goes from being a terrified girl to a fierce fighter. But no matter her power because it can't save her from the horror of sale. Can Brax find Tess before it breaks or is it ruined, or will Tess's new owner change his life forever? I want to read this in English I want to read this in Spanish PDF (Coming Soon) Life has taught me that an eternal love will claim the worst sacrifices. A transcendant love will break your soul, tear you to pieces. Such a strong love doesn't give you sweetness, it gives you pain. And in that pain it's the greatest pleasure of all. gave his heart, his rich, his ruthless and relentless love. And life has finally left us alone. grow stronger as our lives become infervenated. The only way to survive your sample is to accept all your wishes. I WANT TO READ THIS IN English I want to read it in Spanish (Coming Soon)I want to read it in Spanish PDF (Coming Soon) \*\*\*\*\* DON'T FORGET TO LEAVE YOUR COMMENTS AND FOLLOW US TO SUPPORT OUR BLOG + Note: Well, first Happy Valentine's Day! although I'm not particularly excited this day, - although I don't hate it either - because my inner fangirl still thinks like Valentin Morgensten's day and the day Maze Runner might have been released (now until September u.u) I know that I haven't given many reviews lately, and that I made a great special romance of books last year that you can see here. But I made the time to make this review, which is nothing conventional and I found it perfect for this day for that day, yes, read the warning. Title Tears of TessSaga: Monsters Trilogy in The Dark #1Autor Pepper WintersEditorial English Language Self-Publishing -Pages 311 [ebook]Synopsis A Contemporary New-Adult Dark Romance, Not Suitable for People Sensitive to Pain, Bondage and Non-Sex A story about finding love in the weirdest places, an iron will that grows from necessity and forgiveness may not be enough. My life was complete. Luckily, fortunately, everything neat and perfect. Then everything changes. I was sold. Tess Snow has everything he ever wanted: a semester more for his career in property development, a loving boyfriend, and a bright future with possibilities. For its second anniversary, Brax surprised Tess with a romantic trip to Mexico. Sand beaches, delicious cocktails and sex connecting alamas create the atmosphere for a wonderful holiday. With a full heart, and waiting for a week full of passion, Tess is on top of the world. But paradise shattered. Kidnapped. Drugged. Stolen. Tess is forced into a world filled with darkness and terror. Captiva and alone without Savior, without lover, without destiny, without future. Tess developed from a terrified girl to a fierce fighter. But no matter her power, you can't save her from the

horror of being sold. \*Warning: This book is not suitable for minors, it contains scenes that can hurt your sensitivity.\* Review Contains slight spoilers that will be properly marked, to see them just to choose the space. Tears from Tess are a book that's not for everyone. Definitely. And I repeat, this book isn't a conventional love story, it's not like 50 Shades of Grey either, and it's not the kind of romance book anyone will enjoy. When I started reading Tears from Tess I was already gutted on her subject and had seen a lot of good reviews, and I had to say that, even if there were some things I didn't like, I loved it, and more than that, I was surprised and it became of that guilty pleasure, it's not a book for everyone , but if it's the right one, you're going to love him. Tears from Tess are an unconventional love story that begins with a tragedy. Tess Snow was kidnapped, away from the love of her life and country, and ended up selling to a man who just mentioned he himself Q, who was as bad as he turned out to be. Tess is a protagonist who, to tell you the truth, at first I found very typical, I didn't like or dis like. However, as the book progresses, horrific things happen with Tess, and the character starts to show a lot of facets that I finally make mesmerizing. [Spoiler: That said, sometimes I changed my mind so quickly, from 'I love him, I hate him, I love him' that he's off] The first chapters of the book were raw, she talks a lot about trading whites, since she's kidnapped and sold, there were several things that surprised me and that I didn't know, and even if it was raw, it was realistic and it kept me in the reading. I even read this book since I always wanted to know more about the plot, (and that the English books take me a little longer) Pepper Winter's writing I like, it's not rough or revamped, and even if you have an average level of English that you can read it. Although I acknowledge that although I draw attention to the book, at first I thought I wished it wasn't from those few realistic books that play with master-submissive fantasy, etc., (it bothers me a lot) because it was a strong and difficult subject. However, the writer made it to my opinion. You're mine. I can do whatever I want with you [...] And you end up realizing it's not romantic or fun. It's something no one should want or want. You're captidied. And finally, Q. What can I say without it being a deadly spoiler? Q is mysterious at first, we don't know much about him, or his motives, or anything. Don't confuse him with the prototype bad guy who has a good heart, but he's not what he looks like either. [Spoiler: I admit that in the middle of the book I thought it was a prototype dark hero and didn't convince me - too fanciful - and half were right, but almost in the end everything made sense and love the character] Q is a tough character to describe, I hate him many times and most of the time I died knowing more about him. Romance in this story isn't usual, in fact, nor is it the kind of book where the characters fall in love intensely, although Tess's relationship and captain are intense and really sick, the author doesn't show it as something that's right or something romantic, and that's what keeps you in the book. The characters aren't ordinary people, in that respect the book is pretty intense. And, that's the point of the book, both Q and Tess are dark characters, who discover their own identity and their demons in the process. Tears from Tess is a book that's not for everyone, it's raw, dark and unconventional, but it will certainly become its mark, an unconventional and very intense story, starting out of a tragedy and beering a story of crooked love. +Plus: It also has a great playlist and I understand that the lyrics in frankfurtes and English in the book - beautiful - were written by the author. Recommended for readers of: Madeline Sheehan's Undeniable, C.J Roberts' inmate in the dark (and 50 shades of grey, if you risk something much darker) Favorite quotes Monsters meet each other in the dark. There is intimacy in pain, slave. Let me make your pain my pleasure You have stolen my loneliness. I could have given you wings, but you became my gravity. I will never be free from your strength.
