## Mxq plus manual

Warnings: 1. Prepare computer, device and usb cable on. 2. Make sure your device has at least a 50% battery if it turns off during the update process (or plug the device into the electrical outlet at your computer). 3. Remember to back up your important files to your TF card or computer in case of lost data that may occur during the update process. 4. Follow the Update and Act Proper Action Guide. 5. Do not take any action on your device during the device update process in case of a failure update. 6. Other warnings when necessary due to the specific update process or product. For Gearbest customers: If you purchased the MXQ TV box from us and still have a problem after using firmware, please do not hesitate to contact us. Just fill out the card with your questions in our support center and send it to us. We will do our best to tackle your problem as soon as possible. We're always happy to help.
