Ride on the amazing cars, experience accurate visual effects, and be the one who sends your opponents home. With powerful audio experiences with motor growers, cheering crowds and so on, you'll feel like you're really trapped in the races. If you're looking for a new racing experience that doesn't involve any board actions, Drag Racing is definitely the best game for you. Look no further, as you are just seconds away from enjoying this amazing straight racing game. An ultra addictive racing game, offering realistic controls and more than 50 real cars! Nissan Skyline R34, 1969 Mustang, or the latest BMW M3 ... The choice is yours! Try to find perfect balance between power and grip while staying in your category! Equip your car with a nitrogen charge, but don't start the turbo too soon. Always move on to your settings and adjust your reports for valuable milliseconds. According to the game's developer, Drag Racing is a racing game made with many cool and unique features that make players fall in love with it. According to the statistics of the game publisher, this game has fascinated more than 100 million players worldwide. The first thing you need to know is that this is an original nitro racing game. That is, the game will give players the most realistic feeling possible when driving their cars on the track. Besides, there will also be many things for players to experience like Race, Tune, Upgrade and Customize more than 50 types of design, models or the quality of vehicles from JDM, Europe or usa. Gameplay The style of drag racing is quite different. In each match, players must do their best to become the first destination. But not only by speed, players also have to change the number every time the required level. This means that the player must accelerate along the way and press the gear switch button when the message appears on the screen. Just like that! To participate in the match, you only need to control two buttons. It's easy to understand, isn't it? But whether you finish them or not, the question still lies for you. Game modes Drag Racing has many different play styles, including modes such as one-on-one, or multiplayer battles with real players. However, the main screen has only two race tracks. So, for each game of two people, the game will only show your vehicle. And to show the final winner, the system will continue to see who has the shortest time to complete. However, each match usually takes only a minute. At the same time, the championship of the system is also arranged throughout the playing process. Or players can develop skills in the Career category. A bet racing mode also takes place if you are tired of the regular prizes. Beautiful cars are included in the game, the custom feature updates the experience One of the most interesting things that players will experience when they come to Drag Racing is the opportunity to design their own favorite race cars. The game has added many unlimited customization features that allow players to build the most outstanding vehicle for them. In addition, players can also collect several unique car bran cliches from CIAY Studio and Sumo Fish. As we all know, human imagination and creativity are infinite. So try to put all your unique imagination into the car and try to make them the perfect version. Your race car is not only an ordinary car, but they will also be a masterpiece of art! Stepping into Drag Racing you will feel the smoothness of the car and how to control the cars is quite easy for beginners. Into the interior of the car and in front of you is a large track waiting for the vehicle to roll. But remember that these will be races with dangerous turns, you have to overcome the hard challenges that Drag Racing brings. Complete your race as quickly as possible to get the maximum score. An easy way to succeed is to get the most out of your vehicle, combining speed or braking quickly. So you have to spend a lot of time on it, try to practice to achieve the goals you want. The real challenge is coming, the tests will be more and more difficult Drag Racing is ready to give you the real test so you can show all your skills. And rest assured that if there are any skills you haven't really completed well, players can still try to master skills. And when you have all the experience, be ready to go into a tough and challenging Online race when you're going to compete with 9 other players on a real-time race. So try to beat the remaining riders, bring glory and titles for yourself. You should join a group to share your skills and achievements as well! Coming to Drag Racing you will not only experience fascinating racing, but you can also use your imagination to design a unique car masterpiece of your own. Jump into the race with a unique car, ready to drive to be able to play against the remaining 9 players in online multiplayer mode in real time. Drive the vehicle to the finish line with the special speed force of nitros. Join Drag Racing for all-new racing experiences. Experiences.
