## Simply gluten free recipes

John Cunic we can preach to the choir here, but have you ever found out how much food contains gluten? New products such as chickpea pasta, grain-free cassava flour and almond-based crackers have made it easier than ever to remove gluten from your diet. But when you see all the cakes, pies and brownies placed on the table for dessert, you may not feel that way. If you have celiac disease or are gluten-free for other health reasons, the options for dessert may feel almost non-existent. But don't worry! You can change one or two simple ingredients to have a cake and literally eat it. And as you can see soon, some of these creative gluten-free desserts taste better than traditional desserts. We hope you're hungry, because these are our favorite sweet (and gluten free) snacks! You'll never know that 25 gluten-free chocolate chip cookies out of 25 chocolate mousse 23 out of 25 chocolate covered strawberry cubes with 25 peanut butter stuffed apples out of 25 pumpkin dream bars are made from everything but grandma's classic recipe.
