Manpower The core mission of Cincinnati Public Schools Human Resources department is to recruit, hire and retain a diverse, highly qualified staff to support our collective goal of educating all students to meet or surpass district and state academic CpS cut-over from GroupWise to Google on July 29th CPS! GroupWise email, calendars, personal contacts, and personal groups are included in Google. You still receive emails to username@cps-k12.org. Log into your Google Account, username@cpsboe.k12.oh.us, to access email. Does Retain change? Retain remains our EDiscovery application, with both your GroupWise emails and Gmail emails. Access Retain with your Google login and password. Do you know the Google apps available to you? If not, click here to view the Google portfolio. May- Users mailbox clean-up completed June- Users follow all the steps listed on the right side of this page Shared Groups, Sub-Calendar Consolidation, Rules, Proxy, Shared Items July- Data will be moved behind the scenes If you have shared groups in your GroupWise address book make sure to follow the instructions on the right side of this page so you don't have to recreate your groups from scratch in Google! July 10 Update Gmail- Gmail will not be operational until we go Live. GroupWise data is transferred so you see items. Remember you try to send an email via Gmail it will be lost in space. So in a nutshell, as tempting as it is to explore ignore the Gmail icon until we go live – Thank you! Mobile devices - If you're logged into your CPS Google Account Google Account sync your CPS Google account on a mobile device (CPS or in person) and your CPS Google Account while the data migrates - CPS emails, contacts, and appointments appear on your mobile devices based on the settings you selected when you set up your CPS Google account on the mobile device. Google Notifications - Google email notifications will not be sent during this period. The notifications will be operational again as soon as we are Go Live. You still share items from your Google account with others, such as documents, folders, sheets, etc. The recipient will not receive google's automatic email notification about the shared item. You're still creating calendar items with Google Meets, but Google calendar notifications won't be sent. You must copy the measurement information and send it through GroupWise. If you've already started using your Google Calendar, invitations won't be sent. You need to use GroupWise until we go live. In a nutshell, nothing will be sent from Google until we go Live. July 16 Update Training Schedules posted! Wednesday 31 July at 21:00 - Go live! Below is an important list of items that all users should check before delisting. If you own a general mailbox, you must also complete the steps for the general mailbox. Check out the areas below in your GroupWise account. GroupWise proxy, sharing, and rules are not transferred. In your Google Account, you'll start again to find something that was set up years ago that's no longer necessary. The information you collect from your account by following the steps below will help you set up the new areas in Google. DON'T start using your Google Calendar before the migration. If you do this, you'll end up with duplicate listings once your account has migrated. Only your main calendar is searched in Google! If you're using sub-calendars in GroupWise for your appointments, you'll need to merge them into your main calendar before or after migration to be accurate in Google when you're busy searching for meetings. Voicemail to email is not compatible in Gmail. Updated 6/25/20 Phone message items don't migrate Trash migrates not Work in progress doesn't migrate. Blank folders do not migrate. Personalized topics don't migrate. Signatures don't migrate. (You have 1 signature in Gmail) Names Folders - Special characters such as ',/,@,cause problems, delete them for migration. Folders are transferred as Labels in Gmail. Calendar attachments are not migrated, the event itself is. Sent item status (open|deleted|etc) does not exist in Google. If to show on a GroupWise contact in your address book is transferred to Google as it is. Check out your Show as and correct that doesn't match the pattern you want. (for example, you've made a few that first last & others others last, first) Requests The browser has sent 13 CSS, Javascripts, AJAX and image requests to fully display the main page of Email CPS K12. According to our analyses, all requests have already been optimized. Possible application optimization IP address This IP address is dedicated to Email.cps-k12.org. This is the best domain hosting practice. email.cps-k12.org 198.203.81.10 Language and En Detected N/A Claimed language claimed in HTML metatag must match the language actually used on the web page. Otherwise, Email.cps-k12.org may be misinterpreted by Google and other search engines. Our service has discovered that English is used on the page, and neither this language nor any other was claimed in &html& or &meta& tags. Our system also found that Email.cps-k12.org claimed encryption of Email.cps-k12.org main page. Changing it to UTF-8 can be a good choice because this format is often used for coding all over the web and so their visitors will have no problems with symbol transcription or reading. HTTPS certificate Email.cps-k12.org does not have an SSL certificate. Web browsing can be safer with HTTPS connection, so we recommend that it should be obtained for this site. Visitor World Map Country of Origin for 97.4% of all visits is United States. It's good for Email.cps-k12.org that their server is also located in the United States, as that allows the majority of their visitors to take advantage of a much faster page load time. Social Sharing Optimization Open Graph description is not detected on the main email page CPS K12. Lack of Open Graph description can be counterproductive to their social media presence, as such a description makes converting a website homepage (or other pages) into good-looking, rich and well-structured posts when shared on Facebook and other social media. Add the following code snippet to HTML &head&; tag will help to display this web page correctly in social networks: Share this report in social media &head&;/html&;
