Alien on masked singer

The courtroom may be Judge Judy's domain, but is it possible that everyone's favorite straight talker is the master stage as well? Some fans of Fox's formidable new series, The Masked Singer, seem to think so. The latest fan theory poses that Judy Sheindlin may be one of the hidden celebrities: Poodle! Yes, we realize it's funny and we don't care. Please give people what they want in 2019: Judge Judy, who ddy Pat Benatar, but disguises as a dog. All the increase and let us review (honestly very little) evidence. Poodle was introduced in the second episode when she performed Heartbreaker against Bee, who bested her with a chandelier with Sia.For her clues, Poodle discovered that her whole career is about exercising my right to freedom of expression and later, I'm here to your honor, prompting the panel ken jeong joke Ruth Bader Ginsburg? Several people on Twitter caught a potentially judicial-related clue, too, and quickly brought up Judge Judy. The poodle on @MaskedSingerFOX is clearly Judge Judy, wrote one viewer. Poodle also hinted that she has always loved being on stage, comes from a music family, and, like a poodle, is a sassy, smart, and best show. This content is imported from YouTube. We are not sure about these first two facts (nor can we explain the footage from San Francisco; Judy was born and raised in Brooklyn), but the last part certainly applies. And is it possible that with the best show, she referred to her status as the highest-paid TV host of 2018? Finally, can we remind you of this viral case in which Judy had a dog, a poodle, to be exact, to choose his true owner from two parties to the dispute? This content is imported from YouTube. While there are plenty of stable predictions out there (Margaret Cho, Jillian Michaels), you should admit that it would be wildly entertaining to see the 76-year-old marketing her robes for a flashy costume. Imagine discovering! Getty Images This content is imported from {embed-name}. You may find the same content in a different format, or you can find the same to find more information on their website. Can we make a decision on this? Maybe tonight when the show returns for Episode 3. There's a laundry list of celebs that fans think could compete in this round, including Neil Patrick Harris, Jimmy Fallon, and even former Voice coach, Adam Levine. But I'm here to tell you there's one secret I've 100% already solved. (Okay, 99%. Okay, let's say 90% to be safe.) Let's talk about Thingamajig AKA Green Monster or Asparagus, as some have already taken to calling it. The fuzzy green monstrosity straps made a few bars of Kacey Musgrave's Rainbow in a recent sneak peek, and it was then that I knew: Thingamajig is Wayne Brady. Wayne Brady is the Thingamajig. This content is imported from YouTube. You may find the same content in a different format, or you may find more information on your website. Of course, I come with evidence. First, Wayne is already a singer who has released several hits and has appeared on Broadway. He is also known for comedies like Which Line Is It Anyway?, so we know he's a total goofball-perfect fit for something like this. Next, please check out this clip of Wayne singing about How I Met Your Mother, I thought coming about that it's so him. I also don't think it's a coincidence that his HIMYM co-star Neil tops the list of eggs. This content is imported from YouTube. You may find the same content in a different format, or you may find more information on your website. His Twitter bio makes me even more suspicious. The guy who makes stuff up, pretends to be other people and sings, he says. It's all right! Wayne Brady/Twitter And there's more: in 2015, he rapped on asparagus, one of the nicknames of the masked Singer characters, an ad campaign for Charmin. Don't take my word for it, check out the video below. This content is imported from Twitter. You may find the same content in a different format, or you may find more information on your website. I ventured deep into the throes of reddit to see if anyone agreed with me, and I certainly wasn't alone. However, there is something to this user's comment that Wayne has a bigger build than what the costume recommends. Another fact that works against me is that he gave an interview in February 2019 saying that he will not compete because he is a well-known musician. I love the fact that the show gives light to those stars that can sing and they haven't had that shine to be able to do so, he said. This content is imported from YouTube. You may find the same content in a different format, or you may find more information on your website. That's all right, except for another preview of The Masked Singer boasting that this year's cast has had a total of 22 Broadway musicals, has secured 22 gold records and 20 platinum records, has 31 Billboard singles, and has won 10 Grammys so I don't think the experience is a deal-breaker here, right? Rumer Willis also denied her association with season 1 of the series, and turned out to be a Lion so excuse me if I'm not quite sure. This content is being imported from {embed-name}. Charley Gallay/Getty Images Another theory that circulates on the internet is that Thingamajig is Darius Rucker, which is certainly possible and, yes, I discover a certain country twang with Thingamajig's voice. But I'm doubling-down on Wayne, and am fully prepared to bask in my success or quietly bury this story if I'm wrong. You may be able to find more information about this and similar content piano.io We're back with another Masked Singer season 2 theory that we can't stop thinking about: Flower. This is by far the most intricate costume we've seen on the series (although Thingamajig and Flamingo also have it run for their money). It is the only in the history of the show with actual human facial features (Is it somehow a thread!?), and includes more than 30 layers of hand-sewn petals. But beneath this gorgeous purple exterior is a celebrity singer, and we're more than ready to start guessing at identity. Here are clues and best guesses about Flower for the Masked Singer. This content is imported from YouTube. You may find the same content in a different format, or you may find more information on your website. Apparently there are a dozen reasons you'll love him. I will bloom in every area I plant myself in, and I'm here to branch out again, she said. She used the phrase to put my petals on metal. Numbers 314 were written flowers, and there was also a building with graffiti in the background. She hopes that the audience loves her and loves other contestants not... so much. Mike Pont/Getty Images We don't want to be overconfident, but Mayim seems an airtight guess. For one, she was a child star blossom who could explain the costume choices. Eagle-eyed fans also pointed out that her apartment number in the Big Bang Theory is 314. Jenna Fischer Theo Wargo/Getty Images Office star is from St. Louis, which has district code 314. Both her and her character, Pam, are super sweet, satisfying Flower's kinder competitive spirit. She doesn't have a solid connection with anything in flower though, which makes us think it's a stretch. This content is being imported from {embed-name}. You may find the same content in a different format, or you may find more information on your website. Axelle/Bauer-Griffin/Getty Images Speaking of stretching, this one feels even further off. But many pointed out that Drew does have a successful cosmetic line called Flower Beauty, which is an example of her branching off from acting. According to IMDb, she is also an executive producer of an upcoming show called Blooms. A petal with a metal reference could match its share on Charlie's Angles: Full Throttle. Suddenly it doesn't seem so crazy? This content is being imported from {embed-name}. You may find the same content in a different format, or you may find more information on your website. Matthew Simmons/Getty Images Judges were all puzzled about Flower in this video of them deliberating, but they mention Vision of Love, the popular song by Mariah Carey. Nick Cannon was married to Mary until 2016, but this connection alone probably doesn't mean she's behind the mask. This content is imported from YouTube.
