If a road is closed it is closed for a reason. BURGHAW - After Hurricane Florence, Pender County is on a long road to recovery. Pender County Utilities has opened the county solid waste collection centers September 20 for household garbage ONLY. We have worked hard to restore the power of our sites to compactors, said Kenny Keel, Pender County Utilities director. While Pender County clears the refrigerators and starts cleaning up after Hurricane Florence, we're opening these yards just for household waste. Residents who use the sites only for recycling will be allowed to give up household waste at convenience sites. It's a health issue, said David Williams, Pender County Commissioner. Bad food should be properly and quickly unfilled. Proof of residence or driving licence will be required. No further waste may be accepted at this time until further notice. Debris from the storm and vegetative matter will not be accepted on site. The district has hired a scrap contractor to collect these materials. Burgaw Convenience Center, 3088 New Savannah Rd. Ncbia Disaster Code Enforcement Response Team provides rapid deployment for vulnerability assessment and observation and risk estimation for properties located in disaster-controlled areas declared by weather, earthquakes, floods and all other potential related disaster hazards, when and wherever assistance is requested, said Kyle Breuer, Planning and Community Development Director. As building safety and the safety of our citizens is a top priority, DCERT assistance is essential in maintaining our mission to contribute to public safety by ensuring compliance with the North Carolina State Building Code, including sanitary, mechanical and electrical installations. American Legion and Pender EMS & Fire intensified during this period the need to provide accommodation and resources for these teams. When the two parties were asked for resources from the County Emergency Management, we knew that it would not be to provide everything they need to complete their mission, said David Williams, Pender County Commissioner. For more information call Pender County Inspections and Permit Of Partage at 910-259-1180. -END-PENDER COUNTY - The curfew adopted after Hurricane Florence was relaxed. The curfew from 7 p.m. to 7:00 p.m. was relaxed. The new curfews are from 11 p.m. to 7 a.m. As power is restored and businesses are open, we felt it was time to ease the curfew, said George Brown, chairman of the County Council of Pender Commissioners. Pender County Sheriff Carson Smith declared a curfew was necessary due to the dangers and debris on the roads after Hurricane Florence. There are flooding areas in the county, said Tom Collins, Pender County Emergency Manager. We urge the residents of Pender County to be careful to avoid fallen power lines and standing water on the roads. Pender County Emergency Management will post updates on the Facebook page at the facebook.com/penderem and on website. If you need assistance call the EM office at 910- 259-1210. -END- Please tune in to our Live community update of Hurricane Florence at 10:30 today on the Pender County Facebook page or Pender County EM Facebook page; The video will be posted on the county's website after streaming. We want normality, but normality will be restored in the coming weeks as our power is restored and our business is in operation, Collins said. I know it's hard, Collins said, but we're resilient, and we'll be normal again. Pender County Emergency Management will post updates on the Facebook page at the facebook.com/penderem and on website. If you need help immediately call the EM office at 910- 259-1210. -END-PENDER COUNTY, NC - In response to the recent devastating effects of Hurricane Florence, Pender County will urgently accept storm-related work as long as the work is done by a licensed contractor or electrician. Once the work is completed by the authorized contractor or electrician, the energy supplier will release power to the structure. We request that the work carried out be called by means of the telephone number of the normal inspection request (910) 259-1524) requestor will be able to provide their domain, property address and licensing information in order to start the authorisation process immediately. Pender County will issue a permit after the fact and conduct the inspection as soon as we can. We ask the public to be patient because we are working through this process, because ensuring the safety of buildings is our top priority. Recovery is our top priority, and all other non-storm-related requests will be delayed until further notice.
