## Power air fryer oven elite owner's manual

When using household appliances, basic safety precautions should always be followed, including: - Before initial use, clean the inside and outside of the unit with a warm, damp cloth and gentle detergent. Rinse the hot and damp cloth. Hand washing of all kitchen accessories. Before cooking food, preheat the Power AirFryer Elite for a few minutes to allow the unit to burn the manufacturer's protective oil coating. Clean the unit with hot water and I know impossible and the cloth after the burn-in cycle. Never immerse the housing of the main unit, which contains electrical components and heating elements, in water. Do not rinse under the tap. FOR AVOID ELECTRICAL SHOCK, DO NOT put liquid of any kind in the housing of the main unit containing the electrical components. This device has a polarized plug (one blade is wider than the other). To REDUCE THE RISK OF ELECTRIC SHOCK, this plug is intended to adapt to a polarized socket in one way. If the plug does not fully fit the socket, reverse the plug. If it still doesn't fit, contact a qualified electrician. DO NOT ATTEMPT to change the plug in any way. - MAKE SURE the device is connected to a wall outlet. Always make sure that the plug is inserted correctly into the wall socket. To prevent contact with heating elements, DO NOT OVERFILL the Fry Recycle Bin. Do NOT COVER the vent of air intake or air outlet while the AirFryer Elite is in operation. This also avoids cooking and may damage the unit or cause overheating. - NEVER POUR the oil into the outer basket. They could cause fire and personal injury. During cooking, the internal temperature of the unit reaches several hundred degrees Fahrenheit. FOR AVOID PERSONAL INJURY, never put your hands inside the unit unless it is fully cooled. This device is NOT INTENDED FOR USE by persons with reduced physical, sensory or mental abilities or a lack of experience and knowledge unless they are UNDER THE SUPERVISION of a responsible person or appropriate instructions have been given in the use of the device. This device is NOT INTENDED FOR USE by children. When cooking, DO NOT make the appliance against a wall or other appliances. Leave at least 5 in. free space on the back and sides and above the device. Do not place anything on top of the device. Do not use this unit if the plug, power cord or appliance itself is damaged in any way. DO NOT PLACE The unit on the upper surfaces of the stove. If the power cord is damaged, YOU MUST HAVE REPLACED by the manufacturer, its service agent or an equally qualified person avoid danger. - Keep the appliance and its children's OUT OF THE REACH power cord when it is in operation or in the cooling process. -KEEP THE POWER CABLE AWAY from hot surfaces. DO NOT PLUG into the power cord or operate the unit controls with wet hands. - NEVER CONNECT this device an external timer switch or a separate remote control system. Never use this device with an extension cable of any kind. DO NOT use the device on or near combustible materials, such as tablecloths and curtains. Do not use the Power AirFryer Elite for purposes other than those described in this manual. Never use the unattended device. When in operation, air is released through the vent of the air outlet. KEEP YOUR HANDS AND FACE at a safe distance from the vented Air Outlet. Also avoid air while removing the Fry Trolley from the appliance. The outer surfaces of the Unit can become hot during use. Outer Basket and Fry Basket will be warm. WEAR OVEN MITTS when handling hot components or tapping hot surfaces. If the unit emits black smoke, UNPLUG IMMEDIATELY and wait for the smoke to stop before removing the oven contents. 1 2 Summary 3 4 5 6 7 8 9 10 11 12 13 14 15 16 1 2 Summary 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 When using electrical appliances, basic safety precautions must always be followed, including: - Before initial use , clean the inside and outside of the unit with a warm, damp cloth and gentle detergent.
