Each patient receives a comprehensive assessment and has an individual medical team dedicated to his care. Our patients become our partners in their own care. Certified Healthcare Team Diabetes Educator Certified Chronic Health Educators Chronic Care Manager (RN) Health Workers Community Licensed Social Workers Licensed Social Workers Acupuncture Patients Pharmd Psychiatriclan Information Insurance We welcome most insurance plans. We also offer a sliding fee scale for uninsured patients. If you do not have medical insurance, we will help you find the most suitable coverage for you. Making It Easier for You We want you to have a positive experience as a Montefiore patient. We offer: An easy 24-hour laboratory answering service Referred to home healthcare when translation services are required in the Multilingual Checklist As a partner with your healthcare team, there are many that you can do to be active in your care. Here's a checklist to help you: Be honest with everyone on your care team about your medical history. Bring a list of all your health questions. Put the most important question for you at the top. Bring a trusted family member or friend with you to help listen as your healthcare team describes your situation and your treatment plan. Bring a list of all the medications, vitamins and herbal supplements you take for each appointment. Tell your healthcare team about any other healthcare provider you see so we can include them on your team. Learn about the condition, treatment and any medical tests you will get so you can ask questions or address the concerns you have with your healthcare team. You are the center of your healthcare team. Work with your team to develop and follow the best care plan for you. Ask questions, be honest about what's done and don't work for you in your plans, and make suggestions about what might work better for you. Do your best to save scheduled appointments, and call to reschedule or cancel as early as possible. Montefiore Medical Group Montefiore Medical Group (MMG) has been providing incredible healthcare services to families since 1947. Both our top care physicians and world-renowned specialists treat the unique needs of children and adults in more than 20 locations across the Bronx and Westchester County. When you choose MMG Family Health and Wellbeing doctors, you also get access to Montefiore and a wide range of major and dedicated healthcare services for your entire family. Montefiore offers comprehensive patient-centered care in the best classes in a compassionate environment that also includes leading specialization. Our specialists offer a wide range of care for complex and rare diseases, including cardiology, cancer, tissues and transplantation, women's health, surgery and surgical sub-order. Bronx Community Health Network Family Health Center is one of the MMG websites which is a member of the Bronx Community Health Network (BCHN), Federally Qualified Health Center (FQHC). BCHN-sponsored FQHC provides access to affordable, quality, comprehensive healthcare including dentistry, mental health, social work, nutrition, health education and pharmacy services. A team of healthcare professionals works together to offer an integrated care system that ensures cooperation among all patient medical providers. No one refuses to be careful for not being able to afford it. Learn more about BCHN's mission and its member's health center. Center.
