Goat simulator apk and obb free download

Goat Simulator - a unique simulator for Android, which stands out among its competitors not only high quality graphics, but crazy gameplay. The user will visit in the skin of the goat who strive to survive in the human world. The game created a furor after its release for personal computers, and now continues to win the hearts of players on mobile platforms. The protagonist is very different from the other inhabitants of the game world, which is why his life does not seem easy and fun. But nature has given its extremely long and sticky tongue like a chameleon, which in itself is a good advantage. The user should manage the goat and all possible and impossible ways to terrorize the locals, destroying the infrastructure of the city. To Goat Simulator for attacking humans and all sorts of damage to the environment protagonist is richly rewarded in the game currency. For this money you can buy a variety of improvements, including costumes popular superheroes and other attributes. The graphics are very good, and a little GTA III. Here is a great gaming world where there are practically no limits. The control is simple and intuitive: the joystick left to set the direction of the movement of the goat to the right is action pane. The settings in the game are not many, and you can only adjust the volume of music and sounds, as well as surfactants to adjust the level of graphics and details. Goat Simulator does not claim the title of best action game. Very mediocre graphics and lack of history can deter fans of such hits as GTA San Andreas or Gangstar Vegas. But overall, this is a very funny taymkiller, which has many advantages. Page 2 Farming Simulator 16 is a continuation of a unique series of games for Android dedicated to busy farm life. What is its uniqueness? Under your control are all kinds of machines, which are used for agricultural work. The first of these is a small harvester that will harvest for subsequent sales. Used to control standard on-screen buttons, and a gyroscope. You must keep under control both the direction and speed of the machine. Special equipment requires additional tools. You need to choose recipes for specific types of agricultural activities. So, the well-known plow, indispensable as digging the earth for the next sowing. There are special fixtures for the harvest. Here lies the significant problem with the game - there is no detailed manual, thanks to which it would be clear that you want to buy and where to go to thoroughly serve. Farming Simulator 16 allows automatic operation of combine harvesters. Leisure time allows you to work on the tractor or control another field. In addition, there is the opportunity to visit his personal farm and buy cattle, to extract profits from it, sell milk and wool. A new part of a series of games adds wood processing, as well as special equipment for it. It thus achieved need to trade in different markets, carefully consider the most advantageous offers. Farming Simulator 16 – interesting and somewhat improved farmer, where you can play with friends. Goat Simulator basics can not be considered a game, but it is very funny, all sorts of laughing elements in the map and BUG does not talk about the mouth can be realized, only bound rocket ejectors are enough bolted Players happy for a while. Goat Simulator makes a big head. Creative thinking and strange ways of destroying repeatedly affect our inherent ideas, unleashing our imagination. This made the choice of the most common mobile platform, control of the virtual buttons and gesture operations, the player by dragging the lower left corner of the screen up and down around the circle to control the goat movement, and the size of the dragon can be goat or calm walk or disease Run crazy, and the bottom right corner of the screen is the essence of the game - the player clicks the button to make goats make the jump, overhead, the use of the tongue and other actions, the whole operation simple and fun! Goat Simulator gameplay is very simple destruction, destruction and destruction, whether it's solid objects or fragile body, as long as you careful one, will inevitably turn your head, and most exaggerated is the tanker, goats only a small contact the tanker exploded, and in this game full of freaks and random events, it's okay to do what it takes. In addition, the design of the physical engine is also very exaggerated, such as a window flying out of the plate can even cause a car to explode, super destructive let this play with a feeling, but the building's undamaged and some cars will not be affected or a little disappointed, maybe this is a mistake! Of course, the points in the game will be based on the destructive ability of the goat, which will not be reset if it is suddenly reset, which is relatively humane. In addition to the destruction of things, the game also joined the collection of some items, such as some goat statues will be scattered in every corner of the map to complete the collection tasks to achieve relevant achievements, which also adds more playability to the game. Achievements in the gaming system are also a big bright spot, many, many hidden items waiting for the player to find in the big map. The main point is the bugs in the game, the mapping problems in the game everywhere, people often get stuck in the wall, and often stuck in the game to use the command to reproduce, but these bug developers never swear to fix, because they think these errors are very funny. . Maybe the game itself, but with a general error, but can experience a variety of exotic experiences, it's a miracle! The unlimited Goat Simulator game is great for stress-relief and is a good match for the grizzled aesthetics, after all, people in the game be tortured at will and you do not have to care about yourself hanging out or worrying about who will attack you?
