In Return of the Ring42mWhen Gossip Girl goes after Blair, Serena admits she also played a role in Blair's latest nightmare. Plus, is Blair going to pick Chuck or Dan? As we've all heard, the excellent drama about the lives of Manhattan's elite is back. Gossip Girl returns to HBO's Max 10 juicy hour-long episodes, and even features the original eponymous narrator, Kristen Bell.The reboot will take place eight years after the final surprising twist ending that revealed the true identity of Gossip Girl, but there are no other details to know about the plot or whether the characters are related to the beloved original cast in any way. Will the new series become as juicy, delicious, and crazy as the original? Will it be more appropriate and will it not involve student-teacher relationships? Will anyone be able to replace Dorootea? As we look forward to more emerge from the reboot, let's look back at the six original seasons, with all its great social New York glory. Here are the best episodes of Gossip Girl to catch while you wait for the remake. Leighton Meester as Blair Waldorf and Blake Lively as Serena Van Der Woodsen in the first season of Gossip Girl. Photo: © CW Network/Courtesy Everett CollectionThe Pilot, Season 1, Episode 1Of course, the first episode of Gossip Girl should be on this list. This is an introduction to all the characters and basic plotlines throughout the six seasons: Serena, who bites her lower lip and falls in love with the guys within five minutes; Blair, who hates Serena enough, but still acts like her best friend; Daniel / Lonely Boy (imagine that because of your nickname, yikes), creepy, staring longingly in the background, and low-key unfortunate; Nate, who doesn't really serve many purposes but is beautiful; Chuck, a strange 50-year-old with a 17-year-old body (he ended up not going through a rebrand); Jenny, who desires nothing more than to be Manhattan's elite; And Vanessa, who... I'm not sure, but she always looks amazing. It also introduces us to these sophomores at high school attending parties on weekdays much more than anyone else, and that the original casting of Eleanor Waldorf was bottomless. Blair Waldorf Must Pie, Season 1, Episode 9 Introducing The Best Gossip Girl: the Thanksgiving Episodes. The introductory Thanksgiving episode is a bit of everything: a look at how long Dan has been obsessed with his current girlfriend, Serena; flashbacks to happier times for the Waldorf family before Blair's father left his mother with a hot male model named Roman; The fact that Lily Van der Woodsen and Rufus Humphrey are basically the adult version of Dan/Serena, and that was a full-fledged love story; and the fact that despite the full spread of food on almost every table in this show, the characters never eat from it. Rating: 7.40 Year question: 2007 Genres: Romance, Drama Countries: United States Duration: 42 minutes Complexity: 9 Private school, but not privacy: Anything students do not go directly to the blog. The unknown but scandalous Gossip Girl gives you a hard time to have kids whose lives are pretty trouble-hard already.
