Latest version: 3.8.1 License: Rated Toll rated 3.5/5 By 250 people What does Capo 3 do? Learn your favorite songs without tabs or sheet music. Whether you're playing for the world or for yourself, all musicians need a good ear for harmony, melody and rhythm. Using the songs in your music collection, Capo recommends the beats, chords, and key songs to help you break them down to their individual parts. Capo's unique technology helps you learn your favorites quickly as you improve your ear along the way. Capo is simple and yet so, so good, even the professionals use it: Capo is great!!! Very clutch. Especially when parts are rather tough in the mix which I can't make easy. With other apps you lose quality, this still sounds correct. - Omar Edwards: Keyboardist/Music Director for Jay-Z, Rihanna, Kanye West, Eminem, and more When I sat down and started with Capo for the first time, I was amazed at how big a punch this little app packs! It is intuitive, convenient and of high quality. - Rebecca Lovell: Lead Vocals, Electric Guitar, Acoustic Guitar, Mandolin, Piano for Larkin Poe (Read more at capoapp.com/testimonials) *** HEAR THE SONG *** Slow down, scrub to hear specific notes and easily create regions that loop as you learn to play the tricky parts. Use Capo's tools to isolate specific instruments and even vocals to learn part of a song. With a few simple switches, you focus on the piano or eliminate anything to practice the guitar solo. BREAK IT DOWN *** Capo automatically guesses the beats, chords and key of songs to get you started. Simply change, add, or remove the detected chords with a few taps while identifying alternate chords and voicings. PAUSE THE SESSION *** Capo stores each song as a project, including the loop areas you set up, chord changes, and even the playback position. Learn songs at your own pace and re-watch them on any device with iCloud sync for your projects. SO MUCH MORE *** * Transpose songs to different keys * Rename regions to keep organized * Use the Tabbing song view to quickly capture solos and melody * Beat detection estimates the tempo and helps snap regions * Edit chords one in a time or globally * Display chord diagrams for Guitar, Banjo, Mandolin, Ukulele, Bass, and now Piano * Rock on southpaws! Capo has a left-handed chord box option * Five different metronome sounds **NOTE**: Capo works with music you own but doesn't have access to streaming tracks from Apple Music, Spotify, etc. *** GO PRO *** The free trial allows 60 seconds of playback per session before noise is inserted into the song, plus access to all the features, including the chords, slow down, our and more. For \$39.99 per year, Capo Pro grants access to: * Unlimited playtime * Auto-detected chords for entire numbers * All current features * All upcoming Pro features in development *** GO PLATINUM PLATINUM For \$49.99 a year, Capo Platinum gives you everything in Capo Pro*plus* the ability to unlock all the features in Capo touch for iOS.
