Mike Fahy, Kotakula honestly looks all kinds of great. Chris Capel, Gamrevolution Happy Conan, part Cyanide and Happiness in his visuals, Conan Chop Chop is proof that dreams can come true. Darren Bonthuys, Critical hit wizard treacherous Thoth-Amon has drawn up plans to resurrect the ancient evil that Xaltotun was. If he succeeds, he will condemn the world to forever darkness and slavery. Only you can prevent it, but to do so you must use all your cunning. All your guile. You must call all your courage and sword. You must ... Chop Chop! Conan Chop Chop is the most epic and realistic wooden figure game ever set in Conan's world of the Barbarian, therefore there will be excessive amounts of gore and limb flying. Be warned that this may lead to a burst of joy and/or uncontrolled words of abuse, usually depending on the tip of the sword you have. Play solo for the ultimate pleasure of a lite-lite or have your friends along with you in online co-op mode or sofa. Either way you're going to hack, dismantle and decay your way into epic shows with the nasty evil of them all! Maps and lots of really random weapons and abilities ensure that every new game will be a new experience. You will definitely die more than once, but you can unlock new weapons, charms and shields that will be available to your next play-through. All the brawns, no brains? No need to worry! Choose between the cast of various gods of badass warriors, and add weapons and stuff to match your style! Before facing Thoth-Amon, you must vanquish bosses such as Giant Sandworm Koth, The Frost Giant of Vanaheim and the Hyperborea Fire Skull. But by Crom ... not that ... a Gorilla in Cape?! Bravely shifting Koth sand, exploring dark wood in Darkwood, moved bravely through the searing land of Hyperboria and skating through the ice world of Vanaheim. Every world inhabited by various different of violent creatures, is set to make your stay short. Did you tell me that the girl had lost her teddy bear? I think saving the world just has to wait! Master fine art of bashing your enemies' heads grabbed it and transformed it into a suedy chop with a basin sword. Conan Chop Chop allows you to experiment with more than 14 trillion different weapons, armor and a combination of charm. Acquire new skills as you progress further into the deadly Hyborean lands, such as the inspirational 360° spin-attack, spin-attack, attack leaders and a very fast ... Appropriate attack.
