More than 2,800 students are enrolled in the School-Based Health Program. We routinely provide good children's physical exams, including hearing and vision checks, and follow children diagnosed with medical conditions. We also conduct dental exams, dental prophylaxis, and sealant on students in this program. Jackson-Hinds was the first FQHC in the country to set up a school-based clinic. Jackson Hinds Comprehensive Health Center (JHCHC) wants to ensure that all children in the state of Mississippi are in good health. We work with your child's school to provide medical and/or dental health checks. JHCHC staff will perform the following services: medical check-ups, dental check-ups, and pain care services. This service will occur during the school day. If we find any health/dental issues, we will contact you immediately and also schedule follow-up treatment with your consent. A parent's letter will also be sent home with your child in connection with their visit. Before a child can receive this service, all forms must be completed and returned to the school clinic.
