AU 1800 239 766 NZ 0800 397 667 Important safety instructions Before using this appliance, basic precautions should always be followed when using electrical appliances that read this manual and all instructions and attention markings on the appliance. 1. This appliance i product code: 85564730 Click here to tour products designed specifically for home with pets, Dyson V8 Animal Cordless Vacuum Cleaner is a powerful and versatile option to keep your home clean. Equipped with a direct-driven cleaner head and a Dyson digital motor V8, this model delivers impressive suction and easily picks up pet hair and ground stains across both carpets and hard floors. A highly efficient post-motor filter captures pet allergens inside the machine, drains clean air than the air you breathe, and ensures a more friendly environment for you and your family. The innovative and lightweight code-free format makes it easy for the V8 to clean up, but the handheld modeUse extra tools to remove pet hair from small spaces - on the sofa, on the stairs, or in the car. The new battery chemistry provides up to 40 minutes of fade-free suction, cleans your home even further on a single charge, and the new hygiene bin ejector drives trapped dust and debris in a single action, so you don't have to touch dirt. Other features: Mini power tools remove dirt and pet hair on the ground from upstage and confined spaces such as car footwells Powerful maximum mode provides higher suction for more difficult tasks. Major components such as motors and batteries are placed near the hand to shift the center of gravity by making the vacuum cleaning end much lighter Many rival products have chargers that you need to figure out and plug in, but the V8 has a charging station. It is very powerful in cord-free vacuum and versatile to wash anywhere, up, down, in-between, etc. Accessories included combination tool, cracks, mini power tool, instruction manual, docking station, charger automatic cable rewind NO bag full indicator NO bag / bagless bagless battery life estimate of how long the battery lasts before requiring battery life charging, based on standard tasks and usage 40 minutes brand Dyson cable length (m) 0m Capacity 0.5L Charging Time 5 Hours Cordless Cordless Dimension H124.4cm x W25cm x D22.4cm Dust Pickup (Carpet) DustLier Mission A A Dustlier Mission A Energy Evaluation A Higher rating in performance means better energy efficiency Estimated 136kWh throoration of the amount of power an item uses per year under the conditions of use of the estimated annual energy consumption standard helps to remove dust particles, mites or unpleasant odors HEPA manufacturer part number (MPN) 164537-01 model name /number V8 ANIMAL noise level how noisy, decibels are machines. The lower the dB, the quieter the appliance.
