You are a 'Dragon Master' and it is your job to collect as many Dragons as possible and add them to your collection. The more you collect, the stronger the team you put together, and the greater the number of battles you win. The premise of this game is that you will be responsible for what is basically, a dragon farm. You collect dragon eggs, harvest them and once they hatch, you can put the dragon that pops out of in your very own Dragon City. You will also need to take care of dragons from time to time as well. In this game there is a feeding mechanism to do just that. As you can guess, you feed your dragons using the resources you collect and that make them level up. The higher they go, the stronger they get. You will also need to make some buildings to do so. For example, you must first build a farm to continuously produce food. Battles and achievements So the main point of dragon city mod apk is to collect these dragons and level them up as much as you can. When you do, you can take them out to fight other dragons in 1v1 battles. There are both PvP and PvE modes in the game that you can play to further increase your rank in leagues and tournaments.
