## Bedside water carafe ceramic

Looking to infuse a little class in your dining or drinking experience? A carafe is the perfect solution! Accessible on almost any budget, a carafe is a glass, ceramic or plastic vessel that is usually used to serve and pour water. However, what they serve in them is limited only to your imagination. Looking to add a splash of color to the brunch table? Fill your carafe with orange or tomato juice. Do you want to improve your wine? Aim for one that also aerates. Don't you need a carafe in the kitchen? Instantly add an elegant note to the bathroom by displaying mouthwash in a glass carafe. Versatility has never looked so chic! Glass designer Carafe with wooden stopper: elegant and playful collide. Introducing the Alfredo carafe designed by Alfredo Häberli for Georg Jensen. This glass carafe with its unusual wooden stopper is a must-have for those who want to embrace a Danish aesthetic. Minimalist glass carafe with ball stopper: Never lose the lid again with this innovative, minimalist carafe. Fun Fact: This crystal glass carafe is named Fia after the Swedish version of the Ludo board game! Available with a stopper in amber, pink, crystal clear or black (presented). Georg Jensen Barby Carafe: A true celebration of modern life, this carafe combines both art and function with ease. Its soft, sculptural body is not only elegant, but with a shape that offers superior adhesion, it is also very ergonomic. Minimalist Glass Carafe: Shhhh! No one should know that this minimalist carafe cost less than \$20. A stylish glass body equipped with a rubber seal cap makes this not only an amazing option for those with a budget, but an excellent choice for anyone looking to infuse their dining experience with minimalist style. Nightstand engraved glass Carafe with Cup: Carafes are not just for the kitchen or dining room! Take it to the bedroom or office with this unique design, which includes a drinking glass. Engraved with H2O, this makes it a fantastic gift for science lovers. Kosta Boda Bruk Carafe Set: Infuse the water with a little extra color. Kosta Boda Bruk Carafe is uniquely available in gray, blue and clear. Glass-patterned carafes: a conversation starter in the shape of a carafe! The model on this glass carafe is said to represent the art and history of France. Tourbillon Aerating 0.75L Carafe: For all lovers of budget wine out there, this is carafe for you! This aerant carafe not only looks much more expensive than it is, but its design encourages aeration, which can make a much cheaper wine taste.
