Dragon ball xenoverse parallel quest ultimate finish guide

Three Star I've started to notice that even if you bonus goals sometimes they don't count. You may have to do the quest more than once to get bonus goals. Force Entrance Exam – This mission is for you to take on Recoome, Burter and Jeice. If you beat them with Guldo over 50% z's then Captain Ginyu will arrive. If you kill him and keep Guldo at 50% you beat both bonus objectives. Fierce battle! Ginyu Force – This is tough if you don't have Super Saiyan. You will need to take out the whole Ginyu force. Bonus goals are to do it and 5 minutes that make Frieza appear, and kill Frieza. Tri-Race Coop - You need to beat Vegeta, Criminane and Piccolo in this mission. The bonus goal is to kill them for 5 minutes and then defeat Frieza and two to revive with him. This one took me three times to do it for 5 minutes. Legendary Super Saiyan – This is really frustrating to get bonus goals. The main goal is to beat Gohan, Vegeta, Piccolo, Krillin and Goku. The trick here is to beat everyone but Goku and he could turn super saiyan. I did this mission 5 times before it finally triggered and then Super Saiyan Goku beat the from the first form of Frieza you need to protect. I would wait until you are at a higher level and have a Super Saiyan yourself before doing one. I thought it was to beat everyone in 5 minutes, but I got it randomly once in a 7 minute marker. It is very random when it causes. Explosion Namek - You need to beat Full Power Frieza. Defeat Frieza for 3 minutes to start the Time Patrol guy. Beat the Time patrol guy and you will have both bonus goals done. Super Saiyan Legend – Defeat Frieza's henchmen and all Frieza forms. Kill all the henchmen, then one Frieza appears not to fight him, go to his ship to find Gohan and Krillin ask Krillin to help you bring him out of the ship, let Frieza kill him, then Goku will appear, let him fight Goku for a bit then he'll transform that should drop SSJ1 shape for free, now let the fight drag on a bit and Vegeta will appear, Somehow Vegeta will appear, Somehow , let Frieza beat the from Vegeta, then you should get SSJ Vegeta form as a drop, if Vegeta, do not get weakened enough he will not do it, and after defeating Frieza, he will say: It looks like I did not use my full power..... (Thanks for the comment Jay) Parallel Quests is a side mission that takes place on an alternative timeline to the original Dragon Ball Z storyline. Some missions require you to perform specific tasks to achieve Z Rank. Not only that, but Parallel Quests give you the ability to collect materials, Zeni, and other skills along your journey. Below is a list of Parallel Quests that we have information on, as well as how to how what items drop from them. Unlocking Parallel Quests in Xenoverse There are 3 different That you unlock Parallel Quests as you play through Xenoverse. Completing the main story will unlock most parallel quests. Other Parallel Quests can be unlocked by talking to the letters Toki Toki City, which is a blue exclamation mark above their head. You will have to accept and beat the quest before you find it in the Online/Offline Parallel Quest list. Finally, you will need to complete some Parallel Quests to unlock others. For example, to unlock Parallel Quest 21 – Cell Games Begin, you will need to first complete Quest Parallel 20 – Multiple Cell Jr. Hunt. Next Introduction to Parallel Quest – Collect Dragon Balls Prev Introduction to Parallel Quests (PQ) List of PQS Below you can see a list of all available challenges and secret achievements that will be awarded with a better completion rank. Quests are arranged after their completion sequence – each group will be unlocked after a special saga. Some quests require completing the previous one or passing some side quests. Some requirements become active when previous ones are completed, some when you have a good fighting style and pace. such as additional enemies rarely appear if you have about a minute to the end of the challenge. With revived enemies we mean a situation where after the defeat of all enemies one of them returns to full health. The challenge will be completed even if you lose against them, but defeating them a second time is a requirement for a 100% completion.
