Read more Dragon Ball : Dokkan Battle is an action/strategy game in which you play with legendary characters from the Dragon Ball universe, discovering a whole new story that is exclusive to this title. The game begins with Trunks landing his time machine in a universe where Dragon Ball timelines are mixed almost irreparable. This means you'll have to face opponents ranging from the terrifying Cell and Frieza to Tao Pai Pai and the evil Vegeta from the Babidi saga. The combat system in Dragon Ball: Dokkan Battle is quite unique. Instead of directly controlling your characters, you need to press on the Ki balls to attack. You can also activate different combos using different characters, creating spectacular attacks breathtaking animations. Dragon Ball: Dokkan Battle is a spectacular game that features even more spectacular graphics. Unlike similar games, this is an official product. The character drawings, the story, the animations ... all this is impeccable and will delight Dragon Ball fans around the world. Here are the Android applications with the highest turnover in 2018 The mobile app business is becoming more and more profitable for many businesses. There are millions of applications released each year for mobile devices, but only a few get the honor of making the list of the best earners. Based on a study published by Sensor Tower, we are here to review Android applications with the highest revenue at the moment. Read more The best Android games based on the anime manga and anime series usually end up expanding into endless adaptations, and video games are a convenient destination. This is due both to the popularity of the animated series and to the historical proximity of the two viewers in Japan. Nowadays Japanese anime is more popular than ever, and there are countless interactive media adaptations. As usual, the Android ecosystem is one of the best places to find them, so we've selected the best anime series-based smartphone games. Read more Watch Goku Day with these Dragon Ball games for Android If we're talking manga/anime, we need to talk about Dragon Ball. Akira Toriyama's legacy continues to grow and her show continues to make an impact to this day. Yesterday was Goku Day in Japan (kanji representing numbers 5 and 9 are read as Go and Ku) and we didn't want to miss the opportunity to pay tribute to this legendary series by putting together this list of the best free Dragon Ball games for Android. Read more The best dragon ball - battle experience is here! Relive anime action in fun RPG Story events! Play in Dokkan Events and the World Tournament and face tough enemies! And for real hardened fighters, extreme z-battle and super battle road challenges await you! Tap Ki Balls on the battle screen and send enemies flying in this anime action puzzle game! Complete enemies with powerful and iconic Super Attacks! Kamehameha! Fight with Goku or ally with rivals like Frieza, Cell, or Anime Majin Buu! Train your favorite characters and awaken them in new realms of power! Organize your team to assemble the best fighting force!
