Read more 2 followers review the best book ever written about investing - Warren. This book also shows. Excellent mood framework and critical analysis tools that determine the financial success of investors. The teachings are tested in time. Rooted in the behavioral studies of the mo-dal market for more than 100 years, his recommendations have been proven to be almost always accurate because they rely on more than 50 years of authoring, the greatest thinkers of all time in the field of practical investment. Benjamin Graham is known as a prototype securities researcher into microscopic detail, even almost molecular. Graham realizes that every profitable printing method is easily explained and pursued by many people, it's an easy and easy way to go extinct. Graham never forgot that objective conclusions required many examples of very scary information. To say the philosophy of Spinoza: All things special must be difficult and rare since the first publication (1949) until now, the book has been more appreciated by the Bagaigan Bible. Jason Zweig's extensive comments make all Graham's teachings and recommendations still reflected in the regulatory scene, including current market activity. Like other classics. This legendary book changes the way we view the world. Its content will continue to feel new because it educates us constantly. The more you read this exciting book, the more exciting you are. Under Graham's supervision, you can be a much smarter investor, ISBN9786025336324 weighs 0.95 kg, width 15.0 cm. Consumer protection, we will refund the full amount.
