This is his first full-length album since his last effort, The Chronic: 2001, and it's what Dr. Dre described as a grand finale. He will not release Detox, an album he abandoned because he was not happy. Download Compton: A Soundtrack on iTunes for \$13.99. People without iTunes or Apple Music will have to wait for the CD version of Compton: A Soundtrack, released on August 21. We will add a link or legal feed when it is available. Dre says the album is inspired by the upcoming straight outta Compton movie, the expected biopic on N.W.A. Recently, Dre revealed that all proceeds from Compton: A Soundtrack will go to funding a new performing arts and entertainment facility in Compton. It's not like the man estimated to be worth \$700 million needs money, is it? Of the 16 tracks, Dr. Dre produced 14 of the songs. John Connor and The Game did the other two.1. 'Intro'2.
