## Pitbull poodle mix dog

So what happens when you cross a pit bull with a Poodle? You'll have an enthusiastic and loyal dog. Read this dogappy post to learn more about the personality, temperament and overall health of this hybrid. Did you know that? The name 'Pitbull' is used to describe American pitbull terriers, Bull Terriers, American Staffordshire Terriers and Staffordshire Bull Terriers; all of whom are extremely loyal and loving dogs. A designer dog is basically a cross between two purebred dogs; in this case, we have the American Pit Bull Terrier (APBT) and the Standard Poodle. A purebred dog comes from a long lineage of ancestors who have more or less the same temperament and physical characteristics. With hybrids or designer dogs, it becomes a little more difficult to predict the result, since crossbred puppies lend traits from both parents, and end up with unique characteristics of their own.
