General conference packet 2019

Hey buddy! General conference is coming soon! It looks like it's been a whirlwind in the 6 months since the last Conference. There have been so many amazing changes and ads recently - I don't know about you, but I'm fighting to catch up! This post was updated September 2020 to current link. I am worried about listening and truly looking for some guidance of this conference. I'm very boring at how I take notes as I listen. However, over the past couple years I have tried a few different packages and really enjoyed the variety. I ask you to stretch beyond your current spiritual capacity to receive personal revelation, for the Lord has promised that if you [seek], you must receive revelation about revelation, knowledge, to know the mysteries and things of peace—which brings joy to eternal life. President Russell M. Nelson, April 2018 My Children's Conference especially when I prepare (Wink, Wink) and have sheets to do as they listen. We all listen better when our hands are busy – we are able to concentrate better. So today I share a General Conference round-up of all the Coloring & Sheets Pack I've seen floating around recently. I added about 20 of my favorite ideas and LINKS. A few of these bloggers I know and worship as dear friends. But the majority of them, I never met ... but they have these great ideas and I hope that they will be glad I shared their site with all of you! Please take some time to find out a couple things that will work for our family. If you download and use one of the ideas below - make sure you leave the Blogger/Designer a little LOVE. Most of these are shared for FREE- and designers would appreciate your comments and reviews. Thanks for standing by friends! Please PIN & Share this post like CRAZY this week to help all the other families who need a little extra help to get prepared for the general conference. Ok buddy... can I be the girlfriend who shares a favorite for a second.... You need these Amazing Andrea Pencils! I had no idea these were something - take something for yourself and one for the kids. I'm so vastly aroused to pull me out for the kids (& me) for lecture.
