Witchcraft provides several branches of witchcraft for a new witch or warlock to try. Witchcraft doesn't really resemble the glittering casting of spells performed by wizards and their personality. There are no lightning sticks or books of spells, enchanted armor or burning swords; Instead, a well-groomed witch's garden will provide plenty of useful ingredients for magic that will get you out of the occasional scratch. Of course, there are darker sides to magic; and although it can bring power faster, the cost may be prohibitive. Negotiating with demons should never be taken lightly! Comments on page 2 16
