A Yuri on Ice feature film, Ice Adolescence, was originally planned for release in 2019, but was delayed until a later date. Yuri on Ice is well received in Japan. It won three awards at the Tokyo Anime Awards, a Japan Character Award, won seven awards in Crunchyroll's first Anime Awards, and in 2019 the site's editorial team was named one of the top 25 anime of the 2010s. In Japan, the series was released in six parts on Blu-ray and DVD, with all the releases coming No. 1 on the Oricon Animation Blu-ray disc and Animation DVD disc rankings respectively. It was popular on social media outlets such as Tumblr, Sina Weibo and Twitter, where it received more than a million more tweets than the next most talked about anime series in the season it aired. It also attracted praise from professional figure skaters, with some skates in the 2018 Winter Olympics performing from the show. Yuri on Ice has raised discussion about his portrayal of a same-sex relationship between his protagonists, with some critics aplacing it for covering homosexuality in a way that differs from most anime and manga like the yaoi genre, and for dealing with homosexuality in a country and sport that is present Others criticized his portrayal for being unrealistic, and of visual censorship that probably makes it ambiguous for some viewers. The series was also praised for its portrayal of anxiety, and also has a brief controversy over a similar figure skate-based title that will be released in the United States in 2017. When secretly uploaded footage of Yuri's performance on the internet, it captures Victor's attention, and he travels to Kyushu with an offer to coach Yuri and revive his figure skate career. [a] Later it was revealed that Victor was already familiar with Yuri, having previously met him at a banquet where Yuri got drunk and asked Victor to be his coach. [b] After learning about Victor's career decision, Yuri Plisetsky, a rising 15-year-old Russian lost skater, to Hasetsu to make Yuri a promise made before the start of the series. Victor promised that he would specifically choreography a routine for Yuri P. if he won the Junior World Championships, which Yuri P. presumably did. Victor, after forgetting his promise to Yuri P., makes the two Yuris against each other to decide who he's going to coach. He chooses two songs for the skates, both with the same melody, but with a different meaning. The first song, Agape, was about unconditional love, and is given to Yuri P. The second song, Eros, is about sexual love, and is given to Yuri K.[c] Yuri K.se performance win, and Victor becomes Yuri K.se coach. Yuri P. returns to Russia, and both Yuris vows to win the Grand Prix Championship. [d] Both Yuri K. and Yuri P. qualify to represent their countries in the Grand Prix series, and then later qualify for the Grand Prix final in Barcelona. Over the course of the Grand Prix, Yuri K. and Victor are becoming increasingly close, with the two of them kissing in public. [e] and with Yuri K. they both buy gold rings in Barcelona, leading to comments by Victor about those involved. [b] On the eve of the final, Yuri K. plans to stop skates so that Victor can return to the sport and tell of his decision,[f] but Victor rejects the idea in tearfulness and they agree to choose their paths after the tournament is finished. The tournament ends with Yuri P. winning the gold medal and Yuri K. silver wins. As a result, Yuri K. decides to continue skateand move to St. Petersburg so that he can continue to stay with Victor, and train with Yuri P. and Victor. [1] The anime was produced by MAPPA, directed and written by Sayo Yamamoto using original scripts by Mitsurō Kubo under the supervision of Jun Shishido, with character designs by Tadashi Hiramatsu, music by Taro Umebayashi and Taku and figurative skate choreography by Kenji Miyamoto. [2] The episodes were made available for streaming through And Funimation began streaming an English dub on October 24, 2016, at 10:00 .m. ET. [4] Yuri on Ice will release six Blu-ray and DVD sets in Japan. The first set, with the first two episodes, was released on 30 December 2016. Each set includes bonus content such as booklets, production sound comments and costume design and choreography videos. [5] Yuri Katsuki's hometown of Hasetsu, is based on Karatsu, Saga. [6] In December 2016, Saga Prefecture's Sagaprise project announced plans to use Yuri on Ice to promote tourism in the area. According to Akinori Kawakami, President of the Association to Connect Hasetsu and Karatsu, 20 to 30 people visit Karatsu on anime pilgrimages every day. [8] By May 2017, Yuri on Ice helped attract 20,000 tourists from 27 countries to Karatsu. [9] On 22 February 2017, the Nikkan sports newspaper contained a joint illustration depicting Yuri K., Yuri P. and Victor supporting Sagan Tosu Football Club, based in Saga Prefecture. [10] According to a Sakuga Blog study, Yuri used more key animators on Ice than any other anime series during the autumn 2016 season: an average of 48.5 key animators per episode, five more than Flip Flappers (which had the second highest number of key animators). [11] In the early episodes of the series, each character was handled by another key animator, meaning that skate style of characters differed from one another. [12] In the skate scenes, the sound effects were changed to fit at each venue, according to the building's capacity and crowd size. The skate sounds for each series are recorded separately. No stock sounds were used for the rows because each part sounds different, and no footage of professional skates has been used because the music in the apps usually muffles the sounds. So are the sounds used recorded and performed by the range of choreographer Miyamoto, and each skate sequence is unique to the program. [12] Related media Music The opening theme, History Maker by Dean Fujioka, and the termination of theme, You Only Live Once by Wataru Hatano, was both released as a single. [13] [14] A composition CD entitled Oh! SkaTra!!! Yuri!!! On ICE (Oヶラ!!! ㄟ!!! on ICE), with the anime's 24 original songs, was released on December 21, 2016. [24] The primary production staff of the Yuri on Ice anime series will return to produce Ice Adolescence, including series creators Sayo Yamamoto and Mitsurō Kubo as the film's director and screenwriter.
