If you don't make it to the Florida Keys, come to this park to taste their unique island ecosystem. The 494-acre space is a tropical fauna cushion frozen and dark mangroves – looking for a 'snorkel' root that provides air for semi-submerged mangrove trees – all intertwined with pale paths and wooden paths, and surrounded by pale ocean rocks. Shack concessions rent kayaks, bicycles, online shoes, beach chairs and umbrellas. 439 River Rd., Pittsburg, New Hampshire Park is set inside Lake Francis in the trendy Waters of Connecticut LakesThe lake on the 2,000-acre lake offering incredible fishing, mainly for a multi-chocolate trout, a lake, and a rainbow.439 River Rd., Pittsburg, New HampshireThe park. From the park, you can see the rapidity of the Connecticut River. Wildlife is the main attraction here: More than 100 different species of birds have been seen, including bald eagles, loons, and endangered woodpeckers. Moose and bears are sometimes seen. The old logging roads that wind gusts in and around the park are enjoyed by both climbers and cyclists. For climbers there are several possibilities, starting with a simple route that runs through the forest along the Connecticut River and leads from the campsite to a covered bridge 2.5 km away. Another route provides a three-mile hike over Mount Magalloway. Although the last mile is quite steep, the stunning view from above makes the effort worthwhile. On a clear day you can see Maine, Vermont, and Canada.Fishing is good, and you can rent a boat or canoe nearby; The park has the launch of a public boat. Within 1.6 km or so of the park is a swimming beach, a stable that rents horses, and riding trails. Open the year round. Mid-May camping- mid-Dec.; no water after mid-Oct. The7720 Deaton Bridge Rd., HoltThis 590-acre preserves is a good example of Florida's state-of-the-art public land management policy. The objective of the Florida Park Service is to maintain—and reinvent where necessary—the plant communities and ecological systems that took place in the area before the first Europeans arrived in the early 16th century. Blackwater is one of the few rivers that lives sand-bottomed in the Southeast, and despite the dark color of the tannin-colored water, it is one of the cleanest. The water differs dramatically with the ever-changing original white sand that is deposited on the meandering curves and river oxbows. The Blackwater, understandably, is a great favorite for both canoeing and swimming, with a good sand beach. Other features are nature trails and walkways across the swamp to picnic areas, where you find this state champion Atlantic white cedar, a noble tree indeed. The ecological system here includes river flooding, with swamps, sand, and lake oxide; pine flat wood, dominated by slash pines with blackberry grapes, blueberry bushes, and galleries; and high pinelands that support longleaf pines, turkey oaks, and sweetleaf. White-tailed deer and grey foxes can be seen in the woods, and river otters roam flooded. Open the year round. Admission applies. www.floridastateparks.org(850) 983-5363 Because of its pleasant weather, Florida is one of the most popular destinations for RVers, and it also has some of the best RV parks in the country to accommodate sunshine seekers.
