Welcome!www.babybjorn.eu 60 A B C D A B C C D Russian warning that every time your world: A. game. Maximum weight 13 kg.B. rest. Maximum weight of 10 kg.C. sleep. Maximum weight 7 kg. The president has four provisions. Is use provisions! Before you start using the product, read these instructions carefully. Save it for more use. Congratulations on - BabyBj'rn Balance Chair! Our chair, designed in close collaboration with pediatricians, is uniquely comfortable and provides optimal back support. You won't need batteries - your baby will start swinging with his own movements. The balance chair seat can be used for children from birth to about two years of age (3.5 to 13 kg). B aBy B j'rn ® balance chair does not replace cradle or bed. If your baby will sleep for a long time, it should be placed in a proper cradle or bed. Page 2 61. In order to fold the chair, the step organizer must be in position A or B. Pull the red latch back and set the step organizer in the transport position (D). The latch must be on the other side of the insurance platforms. Transport position before putting the child in a chair, it is necessary to check that the step organizer is in a fixed position. If the child is already sitting in the chair when changing position, before leaving the back of the chair, you need to check that the step organizer is in a fixed position. Take the right lift latch from the step organizer and move it to the desired position while lifting the back of the chair with the other hand. R U A B D Page 3 62 and fabric cover, the panty repairper can be flipped on the other side. In order to convert the fabric cover with the other side, you need to unbutton two elastic straps from the bottom and pull it. Remove And turn the fabric state. Again, pull the fabric cover on the frame and secure two elastic straps from the bottom. Then attach the internal stabilizer and check that all the buttons are installed. The flipped fabric of the stabilizer's panties should be used so that the child learns to sit independently without support. Check that all buttons are installed. When the child learns to sit and walk on his own, the chair can be used as a chair. Then the panty installer should not be used, and they should be removed. Page 4 63 - For a child weighing no more than 9 kg, who can not sit on his own without support, you should always use the panties installer. Attention! For a child weighing no more than 13 kg, who can sit and walk alone, the chair can be used as a chair. In this situation, you should not use the internal installer, and must be removed. - Never leave your child unattended - never put a chair on the table, bench, etc use sun chairs only on the floor. - Never use a soft base (bed, sofa, pillow and the like) as it may roll over a chair and there may be a choking hazard. - The movements of the child can lead to unintended movement of the chair. - Never carry a child in sun loungers - do not move a chair carried by a toy - a chair must be installed by adults. - If the bow is not repaired with play in the chair, it should be kept out of reach Child. Do not use the product if it is damaged. - Please note that the chair is pre-assigned to the child to swing in it with his own movements. Do not let older children swing the child unattended. - A sleeping chair is not designed for long periods. Periodically wipe the rubber bars from the bottom of the chair with a damp cloth in order to maintain maximum stability on the floor. Technical information: Weight: 2.1 kg; with toy - 2.3 kg - length/length / width in transport position: 11/91/39 cm. Height in position for game (A): 60 cm. ± 3 cm. Fabric: 60% cotton, 40% polyester-100% polyester instruction for laundry to wash the fabric case, unscrew two elastic straps from the bottom and remove them from the frame. 40°C, washed separately. Be careful! The danger of falling! Use only those accessories and spare parts approved by the manufacturer. R U U
