Mario Games are the most famous games in the entire computer gaming industry. The first game of the series was released in 1981 remote for the Dunkin' Kong slot machine. At that time mario was not Mario, then his name was Jumpmen. But the game began to gain popularity and soon evolved into one of the largest game series in the history of the gaming industry. Three years after the release of the first game, the second appeared, which was the main character of Luigi - brother mario, and two years after the Super Mario Brothers came out the game, which formed the final concept of the game takes place in the mushroom kingdom. Since the game's first launch, Mario has become the hero of more than 200 sequels. The appearance of this character is very easy to remember and it is difficult to find the person who will not recognize him. Despite the fact that the game itself does not have a detailed story line, thanks to cartoons and movies, you can easily identify mario character attributes. Previously, all the games of this series were released specifically for a certain prefix, most often Nintendo. Now all the games about Mario are available on the computer.
