Donating to PFC for giving the 2020-2021 school year is not just about making a donation, it's about making a difference. – Kathy CalvinDear parents, we are requesting you to please join us in making this difference because we cannot do it alone. Your child will attend school for about 180 days. Therefore, we are requesting you to please donate at least \$180 for your student and make our Dollar-A-Day initiative a success for our Fallon community. Like every year, 100% of your donations support our students, teachers and staff at Fallon Central at different levels. Pay for your charity music programs, library books, science lab materials, visual arts programs, student assemblies, family fun events, technology, teacher support, science fairs, multicultural fairs, student interventions, and much more! This year, as we fight through this epidemic, we will work with the principal, Mr Rocha, and teachers to ensure that they have all the support and every tool to make online, hybrid or on-campus teaching a success for our students and that your donation will certainly help with it. Donations can also be matched by your company. Thank you and looking forward to your support.
