But the service and food was so bad here, I just felt like I had to share. I left a work meeting around 10:00 a.m. grabbing a quick Cheeseburger (nothing fancy) and a coke. I received no hello no thanks no have a nice day I was kind of expecting one of the two younger boys to tell me to go to he\*\*. One took my money without comment. Drove up, the other one handed me my money and didn't even really look at me. I kept driving away. Pulled out the cheeseburger - no cheese and burger were as thin (literally as thin as a silver dollar) and the bun tasted outdated and plastic as. You had a job, a cheeseburger. You're McDonald's. And I'm not lovin it. BLEK! More
