## Wayne's world movie filming locations

Yahweh and the Elohim, the Gods of this world created a system of knowledge for this time and established it 6,000 years ago. This system of knowledge was broken down into three components 360 degrees, 36 degrees and 33 degrees. 360 Degrees of Knowledge Summary The first and highest system of knowledge is 360 Degrees or as Erika Badu puts it three dollars and six dimes. The knowledge of 360 Degrees is known as the Circle of Knowledge or the Serpent Knowledge and is designed for Black People during this 6,000 year cycle. The reason why the symbol of a snake or a circle is used is because the starting point is the same as the end only at a higher level. For example, when a snake rolls its head on its tail. The head and tail are at the same point, but one is higher. Yakub of Yahweh took the 360 degrees of knowledge and condensed them into 6 parts. Each of these 6 parts has 60 degree knowledge. This 60 degrees of knowledge corresponds to the average lifespan of humans of 60 years during this cycle of 6,000 years. For example, there are a total of 360 degrees or 60\*6. This system is designed for Black People or the 1 billion 8 million Gods who reincarnate in countless trillions of personalities throughout the universe. There is no beginning or end to this process. This First Self or Higher self is our inner guide. Every person who comes into this world is made to gain a certain experience. Our inner guide or eternal self leads us to fulfill our purpose or life mission and thus the book written in stone (Pyramids as a history book). 360 degrees of knowledge lessons A simple way to get in closer contact with this inner guide is to ask yourself a simple question once in the morning and once at night over a period of a few months and then just go with the first answer that comes to mind. With practice, this exercise will gain momentum, but keep the questions simple in the beginning by asking questions like 'What will I wear today?'. Another way to get in close contact with the higher self is by super learning or remembering. You do this by writing down your dreams and daily activities. For a more systemized method see the level 2 of the book Black Roots Science. There is also a journal called Blackroots science level 2 Journal. A link to the schedule is below. Level 2 Black Roots Science Schedule 33 Degrees of Knowledge Summary Yakub took 33 degrees out of 360 degrees and established secret or mystery schools for non-blacks. Popular 33-degree school practitioners are Masons and Shriners. The highest practitioners of these are TheoThose who qualified learned 3 extra degrees of knowledge that make up the school of 36 degrees. 36 Neters of Degrees of Knowledge Summary The schools of 36 degrees would be known like the 36 Neters in Egypt. The word Neter means truth is sometimes misinterpreted as gods. Vodun or Voodoo Voodoo a popular African religion that practices the school of 36 degrees. I'll outline one of the three higher degrees below. Masonic degrees above 33 One of these three degrees is known as the 'psychic' phenomena. This degree is controlled by lucid dreams or dreams that feel real and can change those living if allowed. This was used as a learning tool in our antiquity, but has deviated to be used to make individuals believe in and experience a false sense of reality. This degree uses the principles of imagination and resonance. The abuse of this science involves entrapment and the use of the laws of rhythms. When as a person who understands this degree begins an imagination and finds others who are sympathetic to it. The power of this imagined world originates only from the willing participant. Over time, entire worlds have been made of 'ancestral spirits', but only affect willing participants. I come into the attribute of Self-Rest in Love Allah. My physical degree is wisdom concept. Peace for all dwelling in the wilderness of North America. This page is manifested to share my wisdom among members of my original family, as well as gain wisdom. I serve Allah's Nation since the year born-God. Before this time I lived a destructive-power lifestyle. Meaning I was aware of this Science of Life, but had not yet seriously sought it. An experience of mine was at a party one night when this God approached me and greeted me. I didn't have the knowledge of the correct response, to which he added on oh, you're 85-ing huh? It was hard, but true. The only problem I had was when I asked for knowledge that the brother was not trying to teach. So I went on a quest for self-knowledge, which is right and accurate before God was Self created. Since studying 120 I have learned and what its purpose for existence are. Peace.
