Name: Pokemon Jade Created by: Pepperton Pokemon Jade Youtube Channel: Source Link: Description: Hello, Welcome back to Pokemoner.com, and I'm Pokemoner. We'll play Pepperton's Pokemon Jade. It's an RPGXP game you can play on PC or Android through Joiplay. You are a coach at Ario, it is based in Australia. You have over 100 Fakemon, a new Pokemon league, a new custom user interface, a new story and more... Let's play! Team Wild is a largely disastrous rebel bandit group around the Goldwhite Desert on Ario's eastern border. They are constantly looking for something but it's not easy to know what. Players are gradually aware of Team Wild's final plans and what they are looking for. It seems deep in the ruins of the Goldwhite desert lies an extremely powerful and mysterious legendary Pokemon. However, the only way to meet this Pokemon is by using a key hidden somewhere in Ario's mystery, and there are several puzzles scattered throughout the area, if solved and stitched together, resulting in the key needed to free this beast. Wild team leader wants to capture this legendary Pokemon because it has great ability to erase the memory of the entire population. The leader wants to use this power to clean up the memory of the Pokemon world about how Pokemon should be treated and then create a new society in which Pokemon are considered money and slaves of all kinds. He will be able to put himself at the top of the ladder in new society as The rarest and most unique pokemon of all Ario, the legendary Pokemon, thus becoming Ario's unsymmless dictator. It's up to you to stop Team Wild from recognizing this terrifying reality! New 100+ Pokemon feature - The Ario Region is just home to Pokemon native to its land, based in beautiful Australia. In this tropical region you will find tons of new faces to link up with! Numbers may vary, maybe more or less. 8 Gyms, Elite Four and a Champion - This game follows the traditional system, but don't fret, every gym leader will come with fun puzzles and galore challenges! The area is completely original - Ario is like no other area in the original Pokemon games. It has a lot of climate and the atmosphere will keep the gameplay feeling fresh. Custom user interface - Some gaming mechanisms will be re-refurbished for a new, customized user interface. And more! – The game has been in development for about six months up to this point, and a lot is still in place, so expect this list to grow even more as time passes! FAQ Q: Is the game over?
