× support COVID-19 See below the Chicago O'Hare Terminal Map: O'Hare Map × COVID-19 Support Chicago O'Hare Airport has four terminal 3 and Terminal 5. That's right, there's no Terminal 4 at the moment. However, Between 1984 and 1993, Terminal 4 was built, which served as an international terminal. After the opening of Terminal 5, this place was turned into a ground transport hub of the airport. It is likely that Terminal 4 will make a second appearance as part of future O'Hare expansion projects. The O'Hara Terminal maps below all can be misered more. Click on the images to zoom in.
