This article provides everything that is known about Rascal Does Not Dream Of Bunny Girl Senpai Season 2 and all related news. Therefore, this article will be updated over time with news, rumors and analysis. In the meantime, let us go into more detail on what is known with certainty. Rascal Does Not Dream Of A Dreaming Girl movie release date and story spoiler The official summary of the film Rascal Does Not Dream Of A Dreaming Girl says the story is about a mystery where every wisher intersects and where every wish can come close. Although it is quite vague, the poster of the film shows both Mai and the previous version of Shoko Makinohara. The exact preview date for the film Aobuta in Japan was June 15, 2019. The U.S. first of the film occurred at anime expo 2019 in July 2019. Both CloverWorks staff and voice actor for the first season reprised their roles for the film. The project was directed by Soichi Masui. Screenwriter Masahiro Yokotani and character designer Satomi Tamura are also back. Kaito Ishikawa as Sakuta Azusagawa Asami Seto as Mai Sakurajima Inori Minase as Shōko Makinohara Nao Tōyama as Tomoe Koga Atsumi Tanez as Rio Futaba Maaya Uchida as Nodoka Toyohama Yurika Kubo as Kaede Azusagawa While the film's story speaks largely of Shoko, Mai also plays an important role. Pic Credit: CloverWorks Check out the video from the movie trailer and it's easy to guess that the story of the movie will be on Shoko. The name of the film Aobuta is also a suggestion since it is the same as the title of Volume 6 of the light novel series. In addition, the film adapts volume 7: Rascal Does Not Dream of a Girl Experiencing Her First Love. Unsurprisingly, doing otherwise would have meant ending up on a horrible cliffhanger that would have outraged anime fans. Introduced in episode 6 of the anime, the audience is told that Shoko was Sakuta's first crush until she suddenly disappeared. Sakuta was surprised to find a little girl of the same appearance and name as Shoko, but her full story was left incalculable in the first season of the anime adaptation. Warning: The plot summary for the movie contains spoilers. The mystery is aggravated by the appearance of the adult Shoko. Not only does she ever make her jealous by cooking and flirting with Sakuta while living together, but she even throws a fake wedding ceremony! Needless to say, Mai is outraged and science friend Futaba Rio is again called upon to help in the resulting cat fight. Shoko and Mai will fight for Sakuta's heart. Pic credit: Keeji The story of the film is not just about love and war; there is a literal heartbreak. It turns out that little Shoko has a serious heart and will die if no donor is found for a heart transplant. Big Shoko already has a solution to save his little self, but it is based on puberty syndrome and the nature of its very existence. Let's just say the plot starts to look like Stein's Gate somehow... Based on the history of the books, half of the film will be characterized by a rather shocking turn of events. This article will not spoil that surprise, but it is quite devastating for Sakuta and shuts down from the world. Resigned to rotting mentally, Sakuta eventually throws away her hibernation long enough to get help from the great Shoko. She teaches him a way to save the day, but it has unexpected repercussions. Dressed in a male bunny costume (not kidding), Sakuta must find a way to save everyone while preserving her connection to his girlfriend Mai. Will he be able to forge a happy future for both of us? Rascal Does Not Dream Of Bunny Girl Senpai manga and light novel series with respect to the anime The story of the anime is based on the light novel series Seishun Buta Yarou wa Bunny Girl Senpai no Yume wo Minai by author Hajime Kamoshida and illustrator Keeji Mizoguchi. Each book has a unique title in the story, but in general, the series is up to Seishun Buta Yarou Volume 10: Rascal Does Not Dream of a Stray Singer from February 7, 2020. The release of Bunny Girl Senpai Volume 10 was announced by a preview video showing the university arc of the story. It also includes voice-over voices from the anime vocal cast. Historically, two books have come out every year, although the author took a break in 2017. (It could be argued that Volume 7 of 2016 was so good that it was difficult to conceive of a follow-up.) Starting in 2016, Kamoshida teamed up with manga illustrator Tsugumi Nanamiya to start serializing the story. When the anime aired, the manga Seishun Buta Yarou was only up to Volume 3. In 2020, Yen Press finally announced the official English translation for both the light novel series and the manga Bunny Girl Senpai. The first volume of British light novels will be published on April 21, 2020, while Volume 1 of the English manga is released on July 21, 2020. There are also fan-made translation projects for both means. Compared to many anime adaptations, Bunny Girl Senpai is very fast. Light novel fans were dismayed when they realized that five volumes would be adapted with just 13 episodes, but so far the anime has been able to make it. The first story involving Mai has been given multiple episodes, which makes sense since Bunny Senpai is the best female titular character in the light novel series. Otherwise, the stories of their respective girls were given only two or three episodes each. 1 Rascal Does Not Dream of Bunny Girl Senpai: Episodes 1-3 Volume 2 Rascal Does Not Dream of Little Devil Kohai: Episodes 4-6 Volume 3 Rascal Does Not Not of a Logical Witch: Episodes 7-8 Volume 4 Rascal Does Not Dream of an Idol With a Sister Complex: Episodes 9-10 Volume 5 Rascal Does Not Dream of a House-sitting Little Sister: Episodes 11-13 The author has a tendency to finish a volume by towing the reader a bit and then ending with a cliffhanger. Thankfully, both the anime and the film will end on a solid note that leaves openings for more stories. The bad news is that Seishun Buta Yarou Season 2 will have to wait for more source material before it can be produced. Fans of anime who want to read the manga instead of light novels are also unlucky as the manga has not yet reached the end of episode 3/Volume 1. To put the manga into perspective, Chapter 21 featured the scene in which Sakuta shouted his love for Mai in front of the school. At the pace at which the manga is progressing, the second season will likely be out before the manga reaches its first season. Unfortunately, Mai's appearances in her bunny dress are very rare. Pic Credit: Tsugumi Nanamiya Seishun Buta Yarou wa Bunny Girl Senpai no Yume wo Minai Season 2 Release Date As part of the latest update, Aniplex, CloverWorks, or any anime production company has not officially confirmed the release date of Rascal Does Not Dream Of Bunny Girl Senpai Season 2. Nor has the production of a sequel other than the film been announced. Once the news is officially confirmed, this article will be updated with the relevant information. Meanwhile, you can speculate on when, or if, Seishun Buta Yarou's season 2 preview date will take place in the future. Assuming volumes 10 and 11 come out in 2020 and the second season is slower and each book is adapted into three episodes, it should be possible for CloverWorks to produce another single-cour season by 2021 at the earliest. Of course, it depends on the popularity of both the anime and the movie. The anime has been consistently popular on Crunchyroll, only behind the anime Goblin Slayer. In addition, the light novel series has consistently been in the top 20 of the Oricon ranking. Seishun Buta Yarou Season 2 spoiler Warning: This plot summary describes the events taking place in Volume 8 and 9, which are set after the film. The last time the public saw Mai and Sakuta, they had managed to save their friends and their relationship through quantum mechanics, but they kept only partial and vague memories of what happened. Similar to how Koga Tomoe cancelled the desired simulation of future events, it is as if the crisis with little Shoko never happened. On the other hand, the great Shoko remembers everything, including several possible future results. But the important point is that both Mai and Sakuta remember who they had to save and why it was important for them to attend Minegahara High School. There were strange repercussions for Sakuta to save his friends using his new powers. When Mai was a child actor, he starred in a role where the film was similar to what happened to Shoko. The film's success has influenced public opinion about organ donors and is part of why little Shoko received a donated heart in the current timeline. The strange part is that the film did not originally exist in Sakuta's original timeline and it is not known what or who caused the life-saving film to be created. Some things will never change. Sakuta continues to anger Kamisato Saki with his simple existence. In the middle of dating Mai, play with fire flirting with Tomoe and teasing idols ... including their mothers. In addition to all the happy events, the next story focuses on the drama surrounding the little sisters, overbearing mothers, and even ... little friends? Once again, the story introduces a lookalike younger than a main character, but this time it's a copy of Mai's elementary school. Little Mai from the art of Rascal Does Not Dream Of Bunny Girl Senpai Volume 9 (Rascal Does Not Dream of a Girl with a Leather Backpack). Note that he wears a randoseru, which Japanese children traditionally use until elementary school. — Pic credit: Keeji Mizoguchi It is not known who this little Never Suspicious is really. Sakuta suspects it is the personification of his ability to travel between parallel worlds. Or maybe little Mai is Sakuta's daughter of the future? Speaking of traveling between worlds, for a day Sakuta visits a parallel timeline in which a different Sakuta managed to prevent Kaede from being bullied, the brothers were not separated from their parents, yet this other Sakuta is still switched to distant Minegahara High School where he met his girlfriend Mai. Needless to say, this other Sakuta had 100% of the game of life, so her message to main Sakuta was, 'You have to put your s*tt together, other me. Overall, the new story is largely about the family. Mai's mother plays an important role in the new story and even gives Sakuta a blessing on their relationship. Both want the approval of Sakuta's mother, and Mai encourages him to visit his mother. It is not unusual for parents of souls to miss in action, but in Sakuta's case, he and his sister Kaede live separately from them because Kaede's puberty syndrome caused his mother's mental illness. The root of all their problems are Kaede's psychological problems, and puberty syndrome causes scars to appear on her body when she stresses for her traumatic experiences. It turns out that Kaede has a divided personality, where one is called Kaede (japanese 楓 or Angel) and KAEDE II (㐂 or Maple). The two personalities share no memories and it is KAEDE that has been shown for most of the first season. This version of Sakuta's sister feared fear out of the house, talking to new people, and going to school. In the end, the other personality Kaede returns and doesn't remember what happened while KAEDE was active. This Kaede is able to go to school and talk to friends. Seishun Buta Yarou Season 2 will start with Sakuta trying to solve Kaede's problems, but it won't be long before another new girl is introduced. Unfortunately, anime fans will have to wait until the release date of Rascal Does Not Dream Of Bunny Girl Senpai Season 2 to find out what happens next. Stay tuned! Tuned!
