In Five Nights at Freddy's 2, the aging old animatronics joins a new cast of characters. They are kid-friendly, updated with the latest facial recognition technologies, tied up in local criminal databases, and promise to put on a safe and fun show for kids and adults alike! What could go wrong? Like the new night job security guard, your job is to monitor the and make sure nothing goes wrong after hours. The previous guard complained about the characters trying to get into the office (he has since been moved to daytime shift). So to make your job easier, you were provided with your very empty Freddy Fazbear Entertainment is not responsible for death or dismemberment. Download Guests can't request updates! Five Nights at Freddy's 2 the game is a game in the horror genre, the first part that has won the hearts of users all over the world. In the new part of the players are waiting for exciting levels, monsters, and types of protection. As in the first part, the plot of the game is based on the guard who needs to stay five nights in scary and bloody places. The user will have to fend off cute animals that day to entertain and delight visitors, and promptly makes the decision on which port for the office to close. And to turn on the light in the room to check for monsters. In Five Nights at Freddy's 2 there is a special energy meter, the consumption of which is recommended to keep at the level of 16.6% during game hours. The user will have to meet some scary monsters (animatedly) and stand against them. Page 2 Five nights at Freddy's - horror first person Android game in which the main character will have to face an animatedly evil robot. The game takes place in a pizzeria where the protagonist gets a night watchman. Robots entertain children and their parents who attend school, but at night turn into ferocious monsters, programmed to kill. To survive, the character will be traversed through many tests and try not to approach the rebellious mechanisms. The first game of Five Nights at Freddy was a real success that led to millions of downloads on iPhone and Android in APK format. The survival horror adventure that took us to freddy fazbear pizzeria where we had to keep an eye on spooky animatronics became a real phenomenon in the indie video game industry and led to sequels like Five Nights at Freddy's 2. Return to the scariest pizzeria History takes us back to the restaurant where we will have to keep an eye on their animatronics that have been renovated. However, not much has changed: we will continue to watch them from our security cameras and monitors, and with the same electricity problems that will turn off all the lights in the most uncomfortable moments. Rumors say the previous guardian quit his job due to strange problems during his shift... but that shouldn't worry too much: what could happen to you in the middle of the night in a pizzeria? Looks like the cameras recorded some strange movements... This is the second part of one of the biggest indie video game hits on Android. Scott Cawthon, its creator, has staked out its success and, apart from the development of this sequel, has also released new episodes such as FNAF 3, 4 and 5 (also known as Sister Location). To run this game correctly you need a device with at least 2 GB of RAM. Welcome to your new summer job at Freddie Fazber Pizza, where kids and parents can look forward to entertainment and food! The main attraction is of course Freddie Fuzzbourt; And his two friends. They are animatronic robots at night has become a bit unpredictable, however, and it's much cheaper to have you as a security guard than a repair shop. From your small office fee, keep an eye on the surveillance cameras. You have very limited electricity for use per night (corporate budget cut, you know). This means that if you lose energy for the night places, you need to find them on the monitor and defend yourself if necessary! Can you survive five nights with Freddie? Given all the ease of control and gameplay, Five Nights at Freddie's is great. It's a great example of how smart design and subtlety can be used to create an impressive experience. So the secret phobia that people know a lot is how scary they are and how terrible it is to choose games. It's very important for people who have a problem. Note: This game is in full English. #MedwithFusionWhat is newOptions screen- Best audio God support- Various updates and updates Are you not sufficiently entertained and amused by Five Nights at Freddy's 2.0.2 Apk - Mod (Unlocked) Android 2020?
