Choose your character from different types of soldiers. A wide range of weapons for arming characters. Different versions of the games are available: Standard, Operator and Enhanced Operator. This video action game offers one of the most realistic war experiences that you can download to your computer at the moment. DescriptionD FPS MasterpieceThere has no doubt that the Call of Duty series is at the forefront of first-person games. In this entry for the hugely popular series, Call of Duty fans come from the grim history of World War II and have dropped themselves in the midst of the turbulent political climate of modern times. As a critical and commercial success, Call of Duty 4: Modern Warfare includes both a rich single-player campaign and an amazing multiplayer experience. Fans of previous Call of Duty games will not have problems after this game, because the mechanics are very similar. Players would have to balance the combination of speed and stealth to pass through the levels. Using the cover and crouching are necessary to go through Unscathed. However, there are also new features that come with Modern Warfare. Of course, modern weapons and patterns of clothing go without a doubt. There is also a new multiplayer feature known as Killstreak. Effectively killing more enemies without dying will result in call for help or issue powerful attacks. That said, as a whole, Call of Duty 4: Modern Warfare offers a well-known gameplay mechanics, especially for first-person shooter aficionados. The Single Player Campaign In Call of Duty 4: Modern Warfare follows a non-linear story where you can play as different characters at certain points in the campaign. The story primarily stems from new British SAS recruit John Soap MacTavish as he gets embroiled in a conflict in the Middle East involving the Russian Civil War. Players take several levels where they get to play flashbacks as Captain John Price and USMC 1st Force Recon Sergeant Paul Jackson. The story itself can sometimes be a bit convoluted, because you follow complex political machinations through the narrative. It is said that the game is uncomplicated, because each act is divided into specific missions and objectives. At the end of the main campaign, you can unlock an additional epilogue mission. Multiplayer gamesExistably there are different multiplayer modes in Call of Duty: Modern Warfare, each with different victory conditions and objectives. Usually victory is achieved by being the first to achieve a certain goal, but it can also be achieved by being the last standing man. Killing enemies in multiplayer mode will earn players experience points to increase their level. Although modern warfare has a level 55 limit, it comes with prestige mode where players can reset their levels but gain additional perks and upgrades. When it comes to first-person shooters, the Call of Duty series is the first to mean every human being and for good reason. Call of Duty 4: Modern Warfare is a solid entry into the series, successfully maintaining traditional gameplay while improving and modernizing some mechanics. The graphics are phenomenal for your time, which is also for every Call of Duty game, and the storyline is addictive, even though it's sometimes convoluted. All in all, Call of Duty 4: Modern Warfare is a modern classic that every FPS fan should definitely pick up.
