The story is set in a future, post-academic society, and fatangal, the characters are all exceptional names. I took a quick look at them in the previous post, but with the film set to break all kinds of box-office records, it's time to go deeper. Here, my thoughts on the name of the main characters. The name of The Naika of The Cottonassis Stories is named after a gince of aquatic plants. I like the ability to name this: it's easy aliasjoseph and kati, and it's really hard to go wrong with a flower name. Light yellow is fine, what did I say about the flower name? you are welcome... At least in this case. The only way to influence this name is if parents go with the alias rose (and if that's the case, why not just choose the name rose?). But books often refer to The Little Sister of Cottonassas as a singer, so it may be too late to change. The singer is not just a great name-it seems too much to sing and properly than me. The best friend of The Game Of Cottonassis (a man) is this cool name. The only problem is that it has similarity to the girl name, The Girl. If you can get past this association, though, it's a very strong kind of name-think of the wet air. I'm mixed up about this name in Piata, used for the fellow tribute of Cottonassis. It's like Peter, but A bit more sai. It can work for one Strong men, but it's definitely a chance to take. The Reo District 11 tribute names strike me as a bit of a marmic. For a little girl named Roby, it makes a good nickname. I'm not sure about using it for a given name--it's just a bit too dissy. I like the boy's name. This character is a little less worthwhile, though-he's angry, the drunk man who is just a tribute from District 12 (District of Catanassis) so always to win the Hunger Games. It is a strong, unmentioned name that is not a gammaandi and does not need any other associations. The stylist's name of Cinna Cottonassis is cool in a space, but in fact the word sinner is very close to making a good name. It's a shame, because I really like the sound of this name, and a character is very much capable as Cinna. MAI, Cottonassis and Pyata's Ranon, the opposite problem is Cinna-she has a neutral character with a name that is not bad. It sounds nasal, but I can't think of the full name that is consistent with it. I see only a problem letter f, from which I have to think of a specific four letter word. I have this one thing, though. what do you think? Did I remember a good name (or bad) name? Will you use any of the names of the Hunger Games? Name?
