I've never played this on any gig, and I just opened the box long enough to do 2 videos on it, set the action and intonation, adjust the take for a better profit, swap the ropes, and test it through the amp 1 period. So, I can't say that it is new, but can I say better than the new one? It comes with a black guitar strap, a gig bag, a tremolo bar, and an additional set of strings. You may be able to buy one other place, but is there one founded by pro guitar technology like this?
