You can get a job, make money, hang out with friends, and more importantly, build your own home. But anyone can put together four walls and call it a house. The best Bloxburg homes take design to the extreme, from budget homes for new players to sprawling mansions when you have hundreds of thousands to spend. Let's take a look at 15 of the best Bloxburg house ideas in Roblox. 4-Bedroom Family Home For a family of four, with modest means, you can build an aesthetically pleasing two-storey house. Equipped with four bedrooms, two bathrooms, a garage, kitchen, living room, dining room, also an upstairs seating area. All that there is, including decorations, comes in at almost 61,000. Small Loft Apartment You can have a large house with dozens of rooms, but if it's just you, why waste space? Instead, consider building this small loft apartment complete with a single bedroom and a walk-in wardrobe, a bathroom, kitchen, garage with trolley doors, a reading area, living room, and office. It may be small, but its large windows create the illusion of space. Everything included will cost you almost 47,000 to complete. A Story Family Home You can have a ritzy looking home for 55,000 with this build idea. Rather than striving for an expansive one-story home, this Bloxburg house idea focuses on functionality and style. Best for a family of three, this home comes complete with a small lounge, a bathroom, garage, a small art station, a kitchen, a living room with fireplace, and two bedrooms. Small modern homes Some want to spread mansions, others prefer a smaller space. If you are new to and restrained strapped this house values at 11,000. It adopts modern aesthetics like painted walls with brick trimming, large windows, and functional furniture. It is a home for the minimalist, complete with a small living room space, shared with the nearby kitchen, a full bathroom, and single bedroom. One floor Family Mansion Nothing says luxury like a huge mansion. The YouTuber behind the idea, Ethrielle, spared no expense. Start breaking those piggy cards to build this house is expensive. Costing 230,000 to build, this mansion includes a courtyard pond, two garages and landscaping for several days. When you go inside, you'll arrive at a large dining area and an entire office. Nearby there is a kitchen to die for, which also includes a small dining area, and a laundry room. A small lounge with a piano leads to two bedrooms connected by a bathroom. It's good and everything, but the best part is the bedroom. It's almost an apartment on its own. Aside from the bed, it has an office space complete with a personal bathroom and wardrobe space that makes you faint. And when you're ready to relax, you can do it in the theater. Blush Modern Mansion Another mansion that takes details to the extreme. This mansion brings about the feel of a large mansion while keeping areas compact in a clever way like using spiral staircases, dozens of windows, and built three stories high. Bedrooms and lounge areas open onto balconies where you can admire the special shade of pink, which can be changed. Modern furniture is used with a dash of modern. This house is going to cost you $239,000. 2-story Family House There is something aesthetically pleasing about a purely designed family house. Grey stone against white accents is what you will notice first about this 2-storey building, just before it opens to a spacious dining room, kitchen and living room. Upstairs there are four large bedrooms, a bathroom and a balcony overlooking the living room. This house could be yours for $68,000. Cheap Modern Home Another take on a cheap, but functional modern home. This house uses a rectangular base for its design. The kitchen and living room share a space with a nearby sliding door leading to a small backyard. You can trade stones for grass, if you choose. Take a walk down the halland you will find a single bedroom, equipped with a large wardrobe, and a bathroom across the hall. Nothing better than simple accommodation. Botanical Family Home What is often lost in translation is homes that take modern furniture a little too far. Sometimes the designer forgets that plants can help break up the stiff right angles and stone walls. Flowers and plants add color to a home that desperately needs it. This is one such home, a botanical family home. It includes a small living and dining room, an office area, laundry room, outdoor picnic area surrounded by a and four bedrooms, one of which has a personal bathroom. Soft Autumn House This Soft Autumn House build is like the upper middle class dream. It features a two-car garage, a large living room with an adjacent kitchen and beautiful pastel colours. The backyard is home to a picnic area, barbecue, and very beautifully landscaped plants that make it feel vibrant but spacious. Small Budget Homes Many of the most creative homes in Bloxburg must be small houses. It's amazing how creative players are when they're provided with very small spaces. This home, for example, opens up to a shared living room and kitchen. Furniture holds the small area such as smaller tables. With a single bedroom and bathroom, this small budget home has everything you need in a compact package. 12K Budget Mini House Another very nice mini house, this one watches in at just 12K, and you also don't need a game pass to create it. Think of it as a true little house, with only two rooms, a combined sleeping/eating/living space, but a very nice aesthetic. Cheap A Story Home This cheap, one story home comes in at 20K. There is a main living area and then the bathrooms and bedroom branch of it. A small garden at the front adds to the appeal, while the house itself has a lovely, modern aesthetic. Tiny House on Wheels In the real world, many small houses will be built to be mobile, and this Bloxburg house leans into it very nicely. Surprisingly spacious inside, with a rear deck that looks beautiful, the house is designed to be clean and crisp, but still uses plants to add some interest to the interior. There is also an excellent use of storage to realistic touch. Loft Style Tiny House Creating loft space is one of the techniques that the real world small housebuilders will often use to maximize space. In this building, the loft serves as a special sleeping place, leaving the rest of the small house free to cover the daily needs of a place to relax, cook, eat and wash. Again, everything is sharp and clean, and this one really feels like it was pulled out of the real world. We put together some Bloxburg house ideas to give you some inspiration for your next creation. There are a few options for each price range, including mansions, modern and a story house.
